842 King Street West offers a rare ground floor retail opportunity on the south side of King Street West, just west of Bathurst. The space features prominent King Street frontage, a character brick façade, and exceptional south-facing natural light — with a rear patio, lower level storage, and on-site parking that give it practical depth beyond the street presence.

Located directly opposite Stanley Park and surrounded by some of the corridor's strongest operators, this is a space for a tenant that wants visibility, character, and a neighbourhood working in their favour.

HIGHLIGHTS

Prime King West Frontage

Generous south-facing windows, abundant natural light, and a character brick façade on one of Toronto's most active retail corridors. The ground floor offers one large open room with a kitchen, washroom, office, and direct access to a rear patio — a clean, flexible layout ready for the right operator.

Walkable & Well-Connected

The King streetcar stops directly in front — 84,000 daily riders — with high and growing residential density from Liberty Village and the Fashion District feeding the immediate catchment. Strong neighbouring operators line the corridor, anchoring the area as a destination and supporting sustained foot traffic at street level.

Stanley Park Spillover

The space looks directly onto Stanley Park, one of Toronto's busiest neighbourhood parks. The park drives consistent foot traffic year-round and creates an exceptional setting for any food, beverage, or lifestyle concept that benefits from visibility and an active, community-oriented clientele.

Rear Patio & On-site Parking

A rear patio with genuine commercial potential adds valuable outdoor capacity for the right operator. On-site parking rounds out a package that is hard to replicate at this price point on King West.
