VILLAGE

Where the  
city meets  
the sea.

The link between San Diego's bay and the city's thriving downtown core. A unique property with meandering walkways and beautiful plazas along with convenient parking and transportation stops. Seaport Village is a spectacular, 14-acre waterfront shopping, dining, and entertainment complex, recreating a harborside setting of a century ago. Seaport Village features one-of-a-kind shops, casual dining eateries, and fine dining waterfront restaurants.

# The Port of San Diego is Revitalizing Seaport Village.

Seaport Village will undergo redevelopment by the Port of San Diego to create a thriving multi-use shopping and dining complex. The Port of San Diego plans to begin the redevelopment of the Central Embarcadero in approximately five to seven years. Until the planned redevelopment takes place the Port of San Diego will continue to offer long-term and short-term leasing opportunities at Seaport Village. These long term leasing opportunities signal the Port of San Diego and Seaport Village's dedication to building a vibrant shopping and dining destination that creates an immediate impact for the San Diego community.
