LOCATION INFORMATION

Traffic Counts

The B-1 Commercial Business District is intended to provide for a variety of commercial and service uses, primarily emphasizing higher intensity uses that tend to be auto dependent which are not well suited in the Central Business District or Mixed Use District but instead should be situated near major travel corridors. Because of the variety of business types permitted in B-2 Districts, special attention must be focused on site layout, building design, vehicular circulation and coordination of site features between adjoining sites.

SECTION 8.02 TABLE OF USES

A. The following abbreviations apply to the Table of Uses:

NP: Not Permitted: The use is not permitted in the District.

B. For any uses not specified in [TABLE 8.02](#), The Zoning Administrator shall determine the permissibility of the use in accordance with similar listed uses.
