Warehouse/Flex Space In Carson

19603 Figueroa St is a 15,087 SF warehouse and flex space offering a strong opportunity for an owner-user or value-add investor. Situated on a 23,216 SF lot, the property has been recently rezoned as FLEX by the City of Carson (buyer to verify), allowing for a variety of potential business uses.

Over \$300,000 in capital improvements have been completed within the past three years, including a resealed roof with silicone coating, new LED lighting, and the installation of floor-to-ceiling windows with roll-up blinds. Skylights throughout the workspace provide natural light and enhance functionality.

The building features 240V/600A 3 Phase three phase electrical, two large workshop areas, three bathrooms, one shower, a kitchen and break area, and two private offices or conference rooms. Clear height ceilings of approximately 14 feet allow for flexible industrial use. The site includes 33 on-site parking spaces, three gated access points, and 8-foot perimeter fencing.

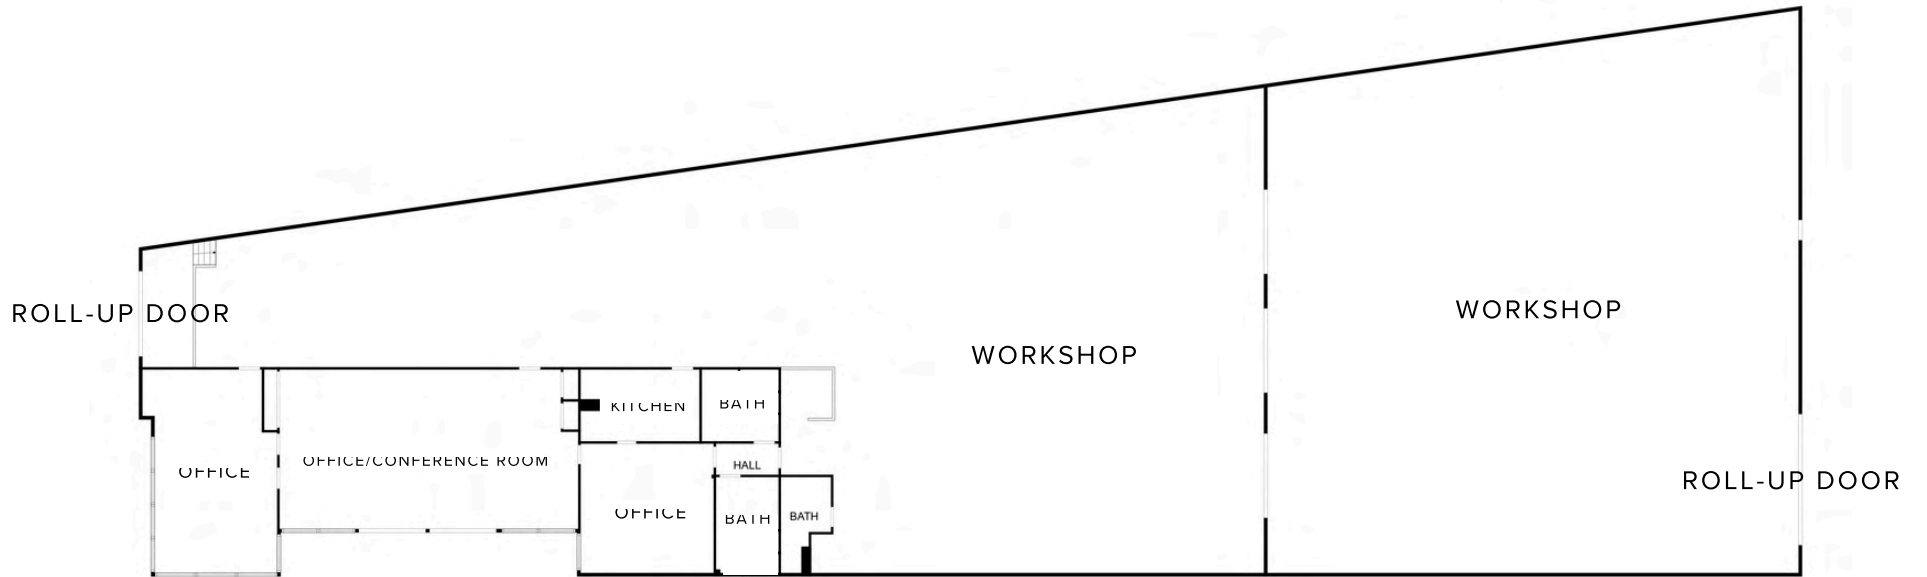

Strategically located just off the 405 on-ramp from the 110 freeway, the property benefits from strong accessibility and visibility, with approximately 12,678 vehicles per day at S. Figueroa and W. Francisco St.

Delivered vacant, this asset presents a flexible footprint with upside potential in a supply-constrained Carson market.

Zoning Information

L. Flex (FLX)

The Flex Mixed-use District promotes the development of commercial and light-industrial uses on sites previously zoned and used for manufacturing and industrial activity and leverage the zone's proximity to the regional transportation network.

1. Flexible use regulations that provide for development of a variety of commercial and light industrial uses by right subject to compliance with prescriptive standards to ensure that projects do not adversely affect neighboring development,
2. Prescriptive standards and requirements to ensure that permitted uses are designed to enhance the appearance of the FLX District and adjacent development,
3. Performance standards to avoid or minimize traffic, air quality, noise or other impacts that would discourage investment, interfere with surrounding business and potential harm employees and residents within and around the FLX District,
4. Residential uses are not permitted in the FLX District except on the sites included in the housing site inventory in the Housing Element and on the property located at the northwest corner of University Drive and Wilmington Avenue, subject to specific conditions and requirements. The sites are identified in the Carson General Plan's Housing Element 2021-2029 and shown in [Figure 9212.2](#), Flex District Housing Development Sites.
