

SELLER DISCLOSURE REPORT - COMMERCIAL

THIS DISCLOSURE REPORT CONCERNS THE REAL PROPERTY LOCATED AT 68246 Cty Hwy H and
8010 E. Mill St. IN THE
Iron River (CITY) (VILLAGE) (TOWN) OF Iron River, COUNTY OF
Bayfield STATE OF WISCONSIN. THIS REPORT IS A DISCLOSURE OF THE CONDITION OF THAT
PROPERTY AS OF April (MONTH) 2 (DAY) 2026 (YEAR).

When listing a property Wis. Admin. Code § REEB 24.07(1)(b) requires licensees to inspect the property and to "make inquiries of the seller on the condition of the structure, mechanical systems and other relevant aspects of the property. The licensee shall request that the seller provide a written response to the licensee's inquiry." This Seller Disclosure Report is a tool designed to help the licensee fulfill this license law duty.

This is not a warranty of any kind by the owner or any agents representing any party in this transaction and is not a substitute for any inspections, testing or warranties that the parties may wish to obtain. This is not a disclosure report required by Wis. Stat. Ch. 709 and the owner is voluntarily providing this information.

NOTICE TO PARTIES REGARDING ADVICE OR INSPECTIONS

Real estate licensees may not provide advice or opinions concerning whether or not an item is a defect for the purposes of this report or concerning the legal rights or obligations of parties to a transaction. The parties may wish to obtain professional advice or inspections of the property and to include appropriate provisions in a contract between them with respect to any advice, inspections, defects, or warranties.

A. OWNER'S INFORMATION

- A1. In this form, "aware" means the "owner(s)" have notice or knowledge.
- A2. In this form, "defect" means a condition that would have a significant adverse effect on the value of the property; that would significantly impair the health or safety of future occupants of the property; or that if not repaired, removed, or replaced would significantly shorten or adversely affect the expected normal life of the premises.
- A3. In this form, "owner" means the person or persons, entity, or organization that owns the above-described real property.
- A4. The owner represents that to the best of the owner's knowledge, the responses to the following questions have been accurately checked as "yes," "no," or "not applicable (N/A)" to the property being sold. If the owner responds to any question with "yes," the owner shall provide an explanation of the reason why the response to the question is "yes" in the area provided following each group of questions.
- A5. The owner discloses the following information with the knowledge that, even though this is not a warranty, prospective buyers may rely on this information in deciding whether and on what terms to purchase the property. The owner hereby authorizes the owner's agents and the agents of any prospective buyer to provide a copy of this report, and to disclose any information in the report, to any person in connection with any actual or anticipated sale of the property.

B. STRUCTURAL AND MECHANICAL

Driftwood(8010 E Mill St) & Slate House (68246 Cty Hwy H) Information

- * These 2 houses are on one deeded property. The county has stated that these are not possible to be divided into two separate parcels.
- * Unique information about this entire property - it is able to be changed with zoning as commercial or residential. At this time it is zoned residential since we used it for vacation rentals. When we originally purchase it in 2005 we had it zoned as commercial while we ran a retail business in the Slate House building for 15 years, and rented out the Driftwood House residentially.

Slate House:

1. The original owner of this property (husband and wife) Built the Slate House and garage from the ground up, approximately around 2000. They lived in the Driftwood House and did some remodeling/ upgrading in those years.
2. In 2005 when we purchased the property, the interior of the Slate House and garage were unfinished(interior). Only electrical and drywall had been installed previous to our purchasing. The exterior had a finished cedar siding.
3. In 2005 we added a new HVAC system and a bathroom on the north end of the Slate House building as well as a partial kitchenette area in its existing place since this was being used as a retail office. We finished the interior with paint and flooring throughout.
4. Slate House - 2012 replaced siding with the current LP Smartside and installed slate stone on the bottom half of the building on 3 sides. 2012 replaced roof with new shingles, installed new soffit and fascia. New exterior doors, front and back.
5. In 2020 we closed down the retail business and renovated the inside of the Slate House and garage. In order to make this into a vacation rental,

we were required to bring everything up to code with Wisconsin UDC dwelling inspection:

- HVAC moved to garage area and reinstalled with new ducting in additional areas (professionally installed) including the garage(now heated)
- Electrician hired to go through all the wiring and add to the existing electrical box. Wired-in to-code smoke and carbon-dioxide detectors. New lighting and fans.
- Plumber hired to install additional plumbing for the new bathroom added on the interior side next to kitchen. Plumbing to the two showers and second toilet. Washer/Dryer area, and utility sink in garage area.
- New flooring in the Kitchen, Living Room, Queen bedroom, 2 bathrooms.
- Added new custom made kitchen cabinets to the existing kitchenette. New appliances and large kitchen sink with new plumbing accessories
- New tiled showers in both bathrooms. New vanity and toilet in bathroom adjacent to kitchen.
- New cedar deck on the back side of house with privacy panel.
- Made 2 separate driveways for each house individually.

6. 2025 added the tiled stair/deck and tiled walls in garage to encompass the new hot tub installed. Installed a drain from the hot tub, connected to the house draining system to be able to drain the hot tub throughout the entire year without need for a hose. Hot Tub is a 120V. Less expense to run than a 240V.

7. 2024 replaced the fan motor on the HVAC system.

8. 2025 - repaired 10 slate tiles that had come loose due to gutter downspout coming disconnected and water running down the side of house on the north side of building.

Driftwood House:

1. 2012- New shingles installed on roof.
2. 2021- Complete remodel/renovation interior and exterior. In order to make this into a vacation rental, we were required to bring everything up to code with Wisconsin UDC dwelling inspection:
 - New HVAC system and new ductwork professionally installed.
 - Plumber hired to install new plumbing to portions of the two bathrooms and kitchen sink.
 - Electrician hired to go through all of the wiring and add in new lighting, fans, outlets and switches where necessary. Wired-in smoke and carbon dioxide detectors.
 - New flooring throughout the house, new tiled showers, vanities and toilets.
 - New custom made cabinets in kitchen. New appliances.
 - New LP Smartside siding to replace the cedar siding on the exterior. New exterior doors installed, front and back. New deck and stairs added to back side of house to the French doors.
