The ground is improved with a parking lot which provides on additional 46 parking spaces for the Property. The lease expires October 31, 2024, and there are five (5) five-year renewal options. The Ground Lessor pays the base ground rent, operating expenses and utilities, and the Tenant is responsible to reimburse the Ground Lessor.

Property Location: 2959 Monterey-Salinas Highway, Monterey, California 93940

Ground Lessee: Gunilda Acquisitions, LLC

Ground Lessor: Monterey Peninsula Airport District

Improvements: A parking lot expansion containing 46 spaces

Land Size: ±0.534 acres

Lease Date: October 8, 1999

Lease Term: 25 Years

Commencement Date: November 1, 1999

Expiration Date: October 31, 2029

Base Ground Rent: Currently \$4,500 per month

Ground Rent Increases: The ground rent increases annually on July 1st based on CPI. In no event will the new rent be less than the current rent or more than 7% greater than the current rent. If a CPI adjustment is negative or greater than 7%, then the difference will be carried over and applied the following year. In the event this lease is assigned, the ground rent may be readjusted to fair market value.

Lease Extensions: Four (4) five-year options. 2 months' notice required
(Ground Lessee does plan to exercise its first option right)

Rent During Lease Extensions: Base Ground Rent will be agreed upon by both parties, or if parties are unable to agree, then the Base Ground Rent would be based on fair market value as agreed to by Arbitration. In the second and subsequent years of any lease extension, the Base ground Rent would increase at CPI in the same manner as during the initial Lease Term.

Sublease: Subleasing is not allowed

Monterey Peninsula

Cushman & Wakefield, as the exclusive advisor, is pleased to present the opportunity to acquire the 100% fee simple interest in 2959 Monterey-Salinas Highway, in Monterey, CA (“the Property”), a 75,531 square foot Office investment opportunity located in a highly desirable submarket of Monterey, California. The Property is truly a one-of-a-kind asset located in Monterey near the Monterey Regional Airport. The Property has direct access to Highway 68 which connects to Highway 1 to the west and Highway 101 to the east.

Carmel Valley is a combination of sunshine and countryside. The valley retains the agricultural character of its history: rustic barns, fields of vineyards and grazing animals. Carmel Valley Village is 12 miles east of Carmel and is home to Garland Ranch Regional Park.

Carmel-by-the-Sea, with a population of 5,000 residents, plays host to thousands of visitors each year. By the 1920’s Carmel had already achieved its international reputation as an artists’ colony. Its attractions include the downtown shopping district, specialty shops, boutiques, art and photography galleries, great restaurants and beautiful beaches.

Pebble Beach is an unincorporated community on the Monterey Peninsula in Monterey County. It lies at sea level. Pebble Beach is a small coastal residential community of mostly single-family homes and resort destinations. It is home to the famous golf facilities-Cypress Point Club, Monterey Peninsula Country Club, and of course, Pebble Beach Golf Links.

Pacific Grove, self-proclaimed as “America’s last hometown,” is known for its thriving population of Monarch butterflies. A walk through the residential neighborhoods reveals many well-preserved, turn of the century, Victorian homes.

Seaside, Sand City, and Marina are the fastest-growing cities on the Peninsula. Within their borders are the California State University at Monterey Bay, Seaside State Beach, Marina State Beach and two championship golf courses.

Location & Market Analysis

The Location

The Property is located at 2959 Monterey-Salinas Highway in the City of Monterey approximately 5 miles southeast of downtown Monterey on Highway 68, a two-lane major thoroughfare that is the predominant link between Monterey and Salinas. The Property is located adjacent to the Monterey Airport and consists of mostly, office, R&D and light industrial properties. The potential for new development in the future is very limited because of a water moratorium in affect for most of the Monterey Peninsula.

The Property is situated between two premier office parks in the area, The Ryan Ranch and The Garden Road Business Park. The Ryan Ranch is located approximately 1/2-mile northeast of the Property and is generally considered the premier business park on the Monterey Peninsula. The development includes office and light industrial facilities that have been built within the last 25 years.

The Garden Road Business Park is an older business park located approximately ¼ mile west of the Property along Garden Road adjacent to the Monterey Airport. These two business parks house virtually all of Monterey County's national & regional companies. Larger tenants in the immediate area include Montage Healthcare, Fenton & Keller Law Firm, CIG Insurance, Ameriprise Financial, Language Line Services and numerous medical companies. The Del Rey Oaks industrial park is also in the immediate vicinity. Overall, between 5,000 - 6,000 employees work within a one-mile radius of the Property.

Monterey County

The Monterey County economy is a combination of two geographic areas and three economy influences. The two areas are the Monterey Peninsula and the Salinas Valley. Salinas Valley is primarily agricultural with its supporting services. The Monterey Peninsula has a large tourism industry, primarily in the coastal communities.

Agriculture is Monterey County's leading industry and the mainstay of the local economy. Monterey County consistently ranks as one of the leading agriculture-producing counties in the State of California. By adapting technology, farmers have been able to produce more fresh vegetables than any other county in the United States and have pioneered the market for pre-packaged salad and pre-cut vegetables. The County also boasts over 60,000 acres of wine grapes, making it one of the largest premium grape-growing regions in California.

The Monterey Peninsula has been called the greatest meeting of land, sea and sky and is recognized as an ideal vacation and business destination. This beautiful seaside community combines all the charm of small-town America with an endless variety of recreational and cultural activities. Monterey's rich history, the saga of, California's Mission Trail, historic Fisherman's Wharf and Cannery Row, 20 world-class golf courses including the internationally renowned Pebble Beach Resort, the world's best aquarium, hotels, a unique variety of shops and galleries and a spectacular assortment of parks and natural areas to provide a truly unrivaled combination.

Thanks to tourism, Monterey boasts world-class dining and accommodations, as well as an outstanding array of scenic parks, beaches, and recreation facilities. The Association of Monterey Bay Area Governments (AMBAG) estimates that 15% of total employment in the county and about 45% of all services and trade employment in the county are supported by tourism.

The City of Monterey

Named “one of America’s most beautiful cities” by Forbes Magazine, Monterey is a scenic city located on Monterey Bay along the central portion of the California Pacific Coast, roughly an hour south of the San Francisco Bay Area. The year round population of Monterey averages approximately 29,000, however that number swells to more than 70,000 during the peak “visitor season” from May through October, with a total of over eight million visitors to the Monterey Bay annually.

The city is well known for its rich history, from its past resident artists to its famed fishery. The city is home to incredible attractions such as the Monterey Bay Aquarium, Cannery Row, and Fisherman’s Wharf, as well as annual events like The Monterey Jazz & Blues Festivals, the Monterey Wine Festival, the Monterey Car Week & Concours d’Elegance, as well as other major automobile and motorcycle races at nearby Laguna Seca Raceway.

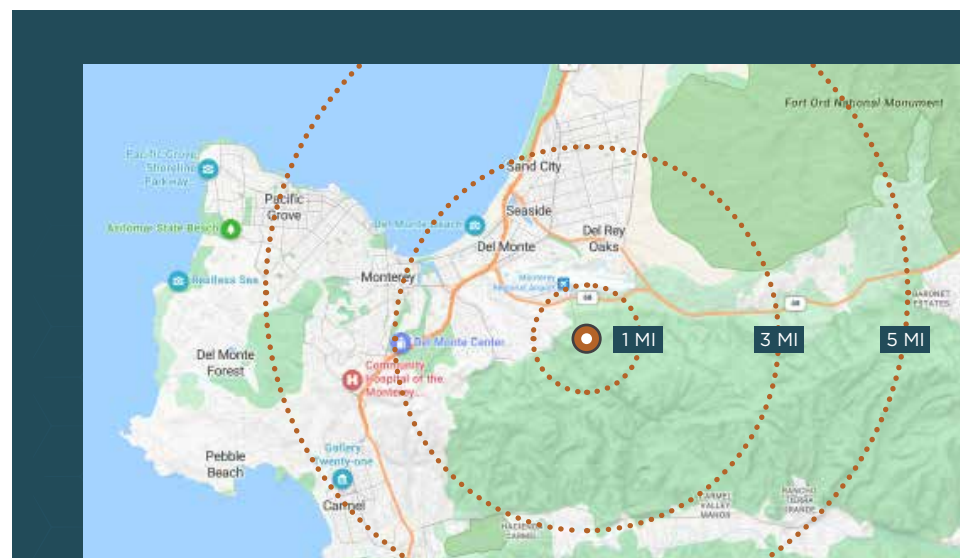

Additionally, the city’s attractive amenities include world class dining and shopping, and countless recreational and leisure activities. Monterey’s many attractions and lifestyles are all enjoyed in the presence of a Mediterranean climate with average temperatures of between 50° and 70°.

Population and Economy

As of the census of 2010, there were 27,810 people and 13,584 households in the city. The population and average household income for the 3-mile radius surrounding the Property is 54,059 and \$93,816, respectively. While much of the high affluence resides in the suburbs surrounding Monterey, there is a significant lack of retail in these areas, and as a result, the retail in Monterey serves a much larger community than just its immediate trade area. The economy in Monterey thrives not only from tourism revenues, but also from vast network of education institutions that serve as some the city’s largest employers.

Transportation

Monterey is primarily served by Highway 1, the highway that parallels the California coast. Additionally, the Monterey Peninsula Airport, located less than two miles from the Property, serves the California Central Coast, with over 40 daily flights available to both northern and southern regions of the state, as well as Arizona and Colorado. The city is served by an extensive public transportation network, the Monterey-Salinas Transit (MST), which serves the greater Monterey Bay, and areas as far south as Paso Robles and Big Sur, and as far north as Watsonville and San Jose. The network is utilized by droves of tourists as well as residents.
