Accelerating success.

## THE PROPERTY

This property represents a rare and highly versatile investment opportunity. Currently operating as a hotel with a partial timeshare component which will be eliminated through the auction process.

The asset is well positioned for highest and best use re-imagining, offering multiple execution paths including continued hospitality operations, adaptive reuse as urban residential studios, or a mixed-use redevelopment concept. The existing building configuration, unit mix, structured parking, and amenity base support a variety of repositioning strategies with limited structural intervention.

In the near term, the property generates ongoing cash flow from multiple sources, allowing investors to operate under the current hospitality model while advancing entitlement, design, or conversion plans. This covered-hold profile mitigates execution risk and provides flexibility in timing and capital deployment.

In its current configuration, the property has 75 Deluxe King Suites, 4 Regal King Suites (with full kitchens and jetted tubs), 20 Deluxe Double Queens and 4 accessible rooms with either a queen or king bed, without sofa beds. With a total of 103 active rooms, there are an additional 6 potential room that can easily be convert back to rooms. The additional 6 rooms are currently being used as offices and amenities. The total potential room count is 108. Each unit is thoughtfully designed with upscale finishes and functional layouts, featuring a California King or Queen bed, sofa sleeper, dining area, dresser, television, refrigerator, microwave, and a full bathroom with tub/shower and vanity—attributes that lend themselves well to both extended-stay hospitality and residential conversion.

Complementing the unit mix is a robust suite of shared amenities, including six levels of covered parking, a rooftop patio and sun deck, an indoor atrium-style pool, banquet and conference facilities, special event spaces, a cocktail lounge, fitness center, guest lounge, banquet/dining room, administrative offices, and an on-site guest laundry room. These features enhance the asset's competitive positioning and reduce the capital intensity required for repositioning or redevelopment.

Located in the heart of the Reno Redevelopment District as well as the national Opportunity Zone.

## DOWNTOWN RENO

Downtown Reno is experiencing a development revival. In addition to the emerging Reno's Neon Line District, Downtown Reno has multiple projects recently completed, under construction, and planned that are poised to forever change the dynamic of Reno's urban center.

Noteworthy projects include the transformation of the former Harrah's Casino into Reno City Center, the new Riverwalk Kimpton Hotel, Stadium Village apartments, currently under construction, the proposed P3 event and hotel development adjacent to the National Bowling Museum, the recently completed Canyon Flats student housing development, the proposed 661 Lake apartments, and the \$250M redevelopment of the Sands Regency Hotel and Casino, currently under construction.

Downtown Reno contains multiple established and emerging districts making up the eclectic character of the area. The Arch District, home to the iconic Reno arch and the National Bowling Stadium, is home to 5,000 hotel rooms, 230,000 square feet of meeting space, 42 restaurants, 23 bars, 38 retail businesses, and 12 live entertainment venues. The Old Brewery District is home to an emerging brewery row. The Riverwalk District has more than 35 bars, restaurants, and cafes positioned along the banks of the Truckee River and serving the employees of startup row. The Wells District is a bike-friendly area with more than 300 locally owned businesses and is also seeing a residential resurgence. The Liberty District is where a majority of Downtown Reno's office product is located, housing more than 1.3 million square feet of office space, as well as several courthouses and the Nevada Museum of Art.

## RIVERWALK DISTRICT

Reno began as the preferred crossing point for travelers over the Truckee River, a 121-mile-long river that acts as the single outlet of Lake Tahoe. Now, modern day pioneers have established this area of Downtown Reno as The Riverwalk District: an urban venue for world-class entertainment, fine dining, eclectic retailers, and family events. The Truckee River serves as a natural border between Neon Line and Downtown to the north, and the Central Business District and Midtown to the south and provides a beautiful focal point to bring residents from each neighborhood together.

The Riverwalk District is home to more than 60 options in restaurants, taverns, urban living, and boutique shops. The district includes 9 separate parks and public plazas that host events such as the Reno River Festival, outdoor concerts, and Artown displays. The Riverwalk District attracts locals and tourists alike with organized wine walks and pub crawls. In 2019, the Reno Santa Pub Crawl was the largest event of its kind in the nation, having attracted over 10,000 participants. This district also includes places to stay such as the Renaissance Reno, a non-gaming, full-service hotel with 214 guest rooms. The recently revamped hotel includes Reno's only indoor bocce ball courts at Bundox Bocce.

## CENTRAL BUSINESS DISTRICT (CBD)

Reno's Central Business District (CBD) consists of the numerous blocks south of the Truckee River. It is home to Reno's finest class A office towers that house some of Reno's largest and most prestigious tenants including McDonald Carano, one of the largest Nevada based law firms, Caesar Entertainments corporate office, ITS logistics corporate office, and New York Life Insurance. In addition, The CBD contains County, City and Federal court houses. The district consists of many local government buildings including City of Reno City Hall and Washoe County library. These buildings house thousands of employees that add to the bustling of downtown. The buildings are within walking distance of the river as well as numerous eateries, gyms, parks and walking/running trails.

The CBD houses two major museums that are fixtures in downtown Reno, the Nevada Museum of Art and the Discovery Children's Museum. Located on Liberty Street, the Nevada Museum of Art, founded in 1931, is the only accredited art museum in the state of Nevada. The present Museum facility opened in 2003

at the heart of CBD's Liberty district. The four-level, 70,000-square-foot building is inspired by geological formations in northern Nevada's Black Rock Desert and serves as a visual metaphor for the institution's scholarly focus on art and environment. Recently, the Museum has undergone major remodels and additions and is currently fundraising for an additional extension to grow its art school and improve the on-site restaurant to allow additional space for exhibits.

The Discovery Children's Museum is a 67,000 square foot museum celebrating its 10th year and has helped gentrify and bring excitement and youth to the CBD. Since opening to the public in 2011, The Discovery has solidified its place in the region as the home for informal science, technology, engineering, art and math (STEAM) learning. Through hands-on galleries and exhibitions, and a robust array of educational programs, The Discovery connects learners of all ages with opportunities to explore a wide variety of ever-changing topics, all designed to inspire curiosity and further investigation.

# NEVADA MUSEUM OF ART \$60M PLANNED EXPANSION

Located directly to the east of 247 California Avenue, the Nevada Museum of Art is planning a major remodel and expansion. The museum expansion will feature three levels, totaling in 50,000 SF and move southward along California Avenue, changing the landscape in that portion of downtown Reno. The expansion is set to re-design the cultural experience of education and research at the Nevada Museum of Art.

The first level will be comprised of an expanded library with increased access to books, archives, and collections. A dedicated art and design book shop emphasizing commitment to printed works. 10,000 SF allocated for framing, processing, and a dedicated fine art delivery bay. A newly reimagined destination restaurant for museum guests to dine while visiting. The South entrance will welcome over 10k students annually for school tours and hands-on activities. The first level will also provide an additional studio classroom and guest parking.

The second level will contain 9,675 SF dedicated for permanent collections. 3,500 SF increase to the Center for Art + Environment and an upgraded office space for staff and volunteers. The third level to contribute an additional 5,000 SF for featured exhibitions, 85% increase in art collection storage space and a rooftop garden with skyline and mountain views.

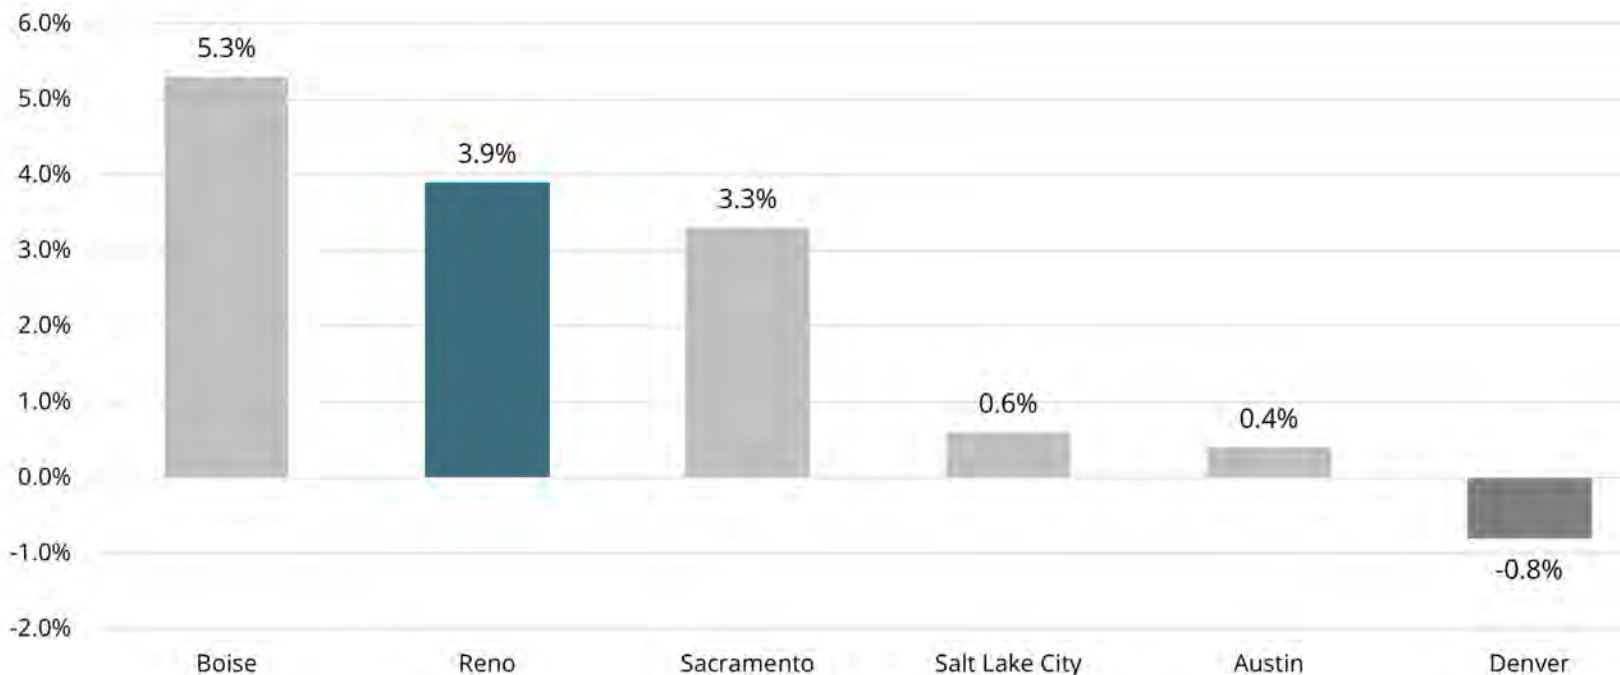

# RENO IS ONE OF THE FASTEST GROWING CITIES IN AMERICA

Reno's climate, outdoor recreation activities, minimal drive times, reasonably affordable housing and proximity to California are all reasons to come here

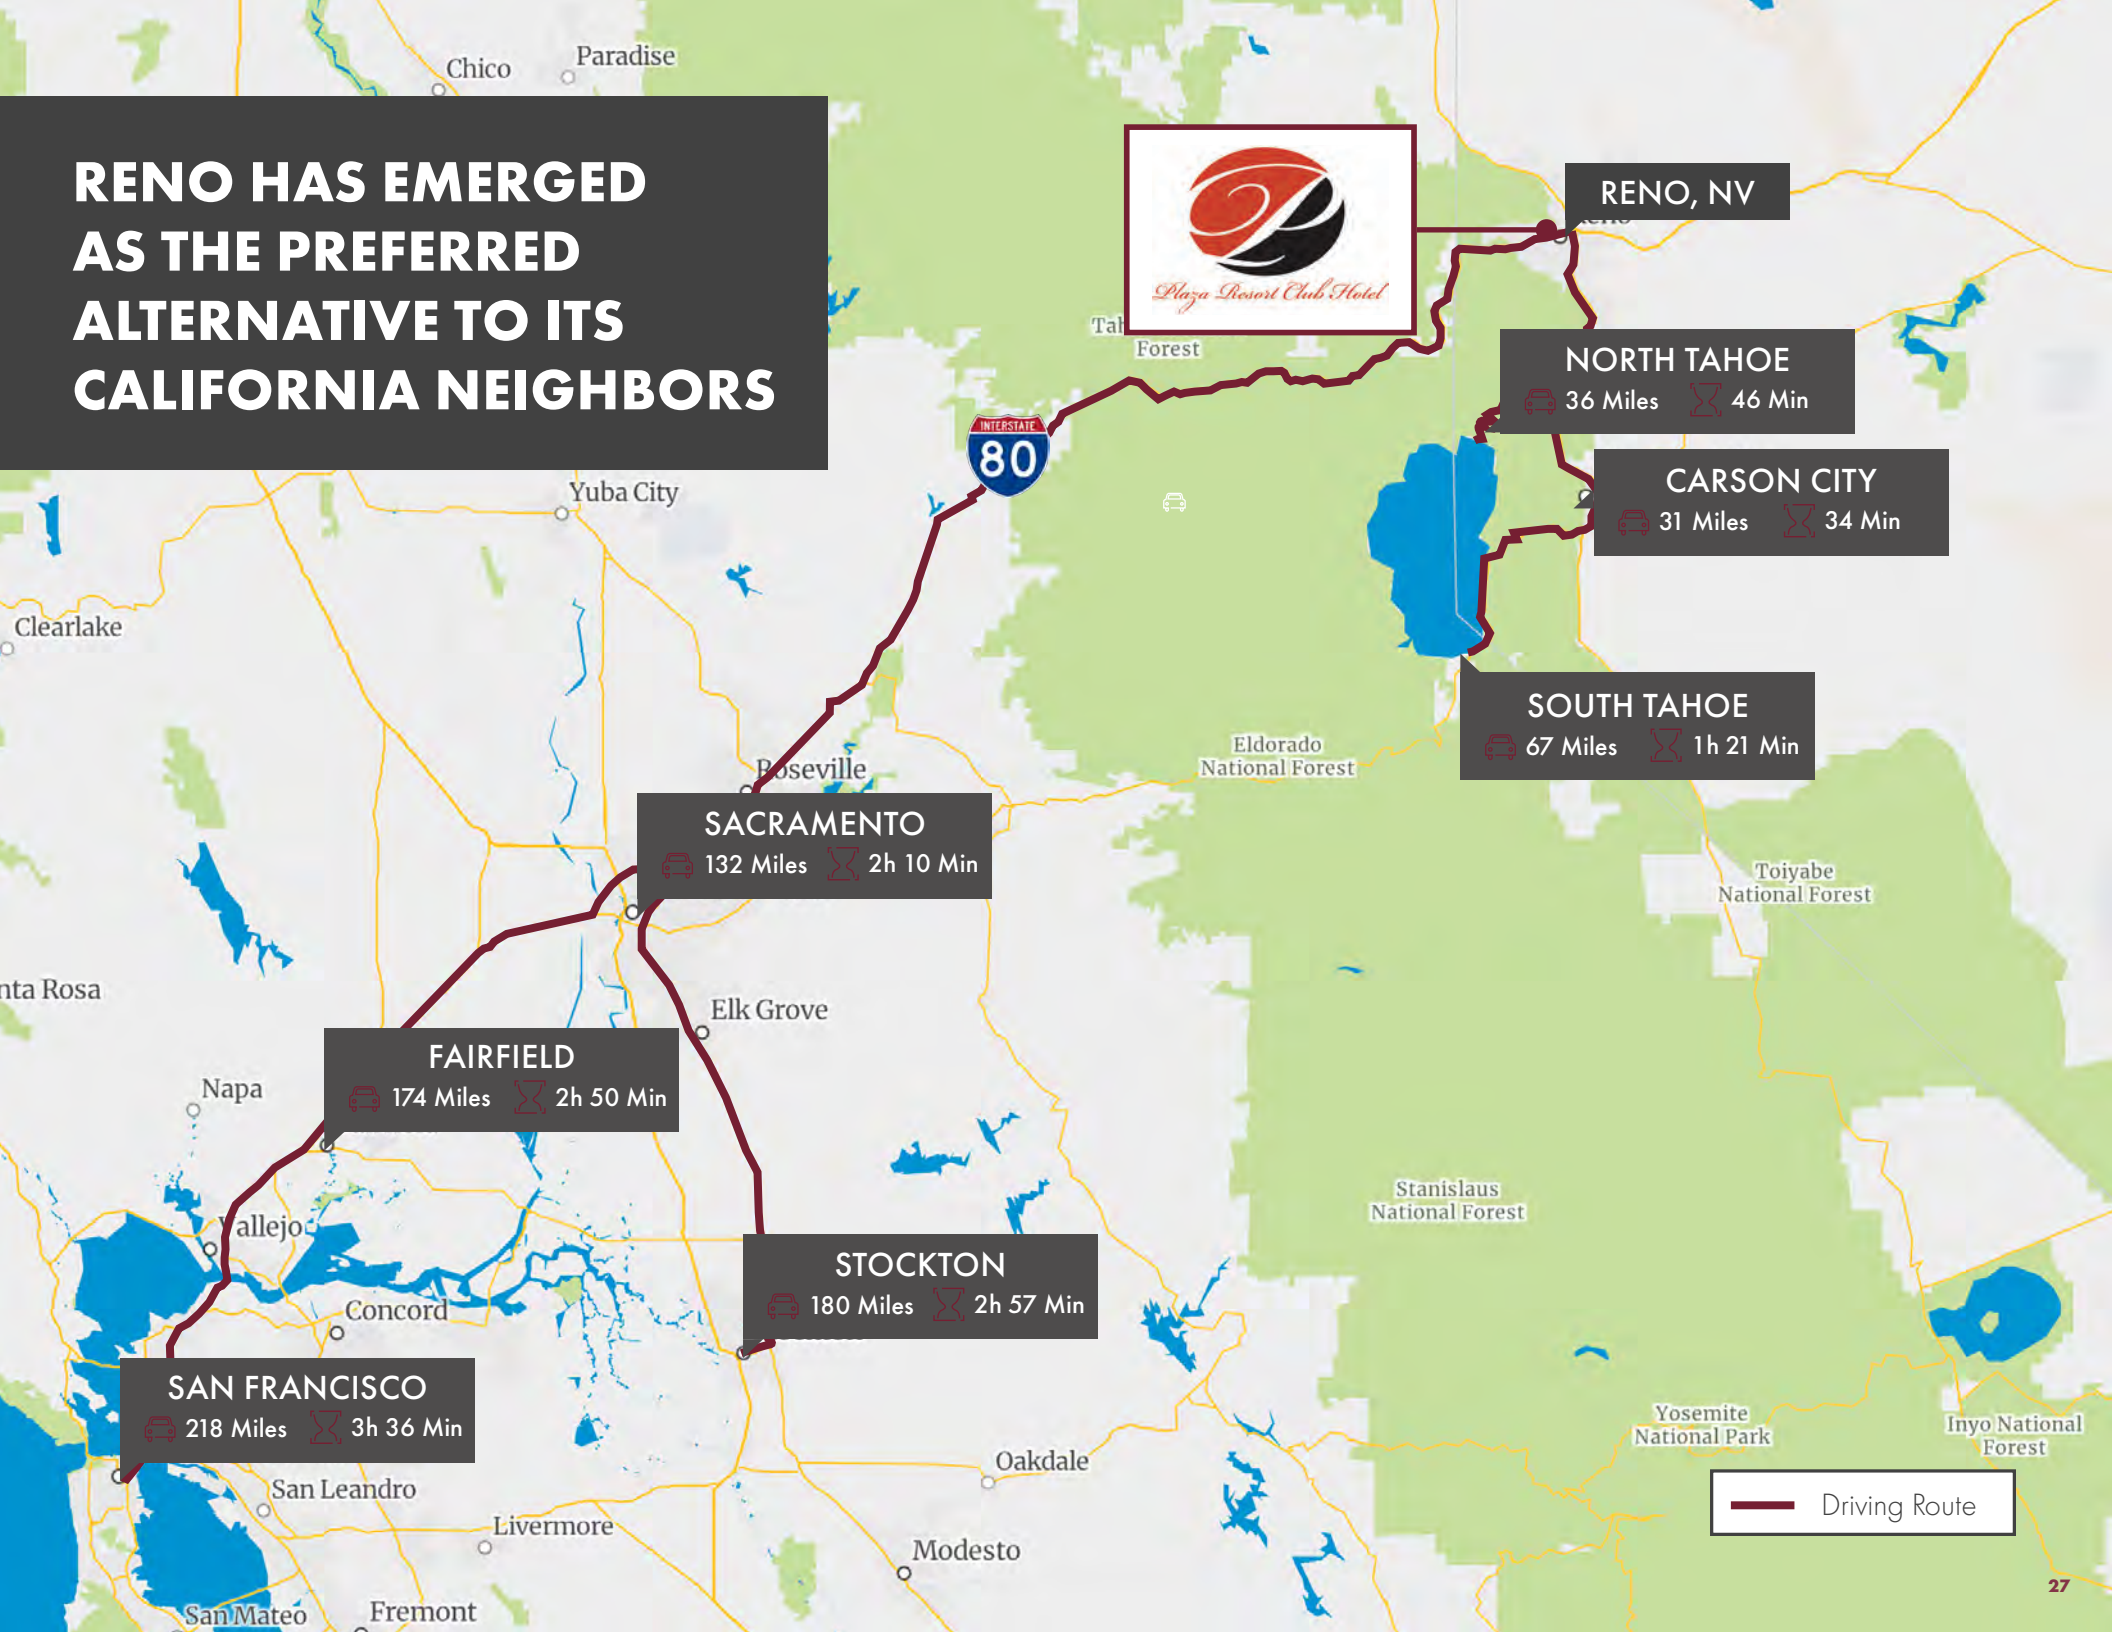

Reno's rapid evolution into a top market for residents, investors, and corporations since the start of the pandemic has been on full display. It has continued to welcome California-based companies and relocating California households due to Reno's affordable cost of living and higher quality of life. Reno's population continues to expand at a rapid clip, welcoming thousands of new residents each year. Reno/Sparks was ranked ninth nationally for attracting Millennials, according to Business Facilities 2021 Annual Ranking Report. Reno was also ranked fourth nationally in the Milken Institute's Best-Performing Cities of 2020 based on employment, wages, and high-tech GDP. Reno's surging population base helped it lead all Northwest markets in annual occupancy gains at 1.5 percentage points in Q2 2021.

Reno's net in-migration during the pandemic has outpaced all other comparative Western markets except for Boise with a 3.9 percent net migration rate from March 2020 to February 2021, according to USPS change of address data. Reno's enticing quality of life, unparalleled recreational options, thriving arts and culture scene, business friendly climate, and affordable cost of living continue to attract new residents and companies across the budding Northern Nevada region.

## Net Migration by Metro Area

# RENO HAS EMERGED AS THE PREFERRED ALTERNATIVE TO ITS CALIFORNIA NEIGHBORS

# AMONG THE BEST QUALITIES OF LIFE IN THE WESTERN UNITED STATES

Near the California/Nevada state line, Reno is located roughly 400 miles northwest of Las Vegas and about 130 miles east of Sacramento. A short drive from Lake Tahoe, the largest alpine lake in North America, Reno boasts an enticing quality of life for its residents with a variety of outdoor activities, gorgeous weather, gaming action, concerts, comedy shows, art exhibits, bars/breweries, museums, and restaurants. The Biggest Little City in the World is growing up fast as thousands of new residents flock into the Reno/Sparks region year after year to take advantage of a great quality of life at a lower cost of living compared to California cities.
