ALDERLEY EDGE SCHOOL FOR GIRLS

DESCRIPTION

Alderley Edge School for Girls is situated in one of Cheshire's most desirable and affluent locations. The site comprises a blend of interconnected period and contemporary buildings, complemented by a recreation field to the rear. This varied building stock and layout present strong potential for redevelopment, including conversion and reconfiguration of existing structures, alongside new-build opportunities and phased delivery.

The main site extends to approximately 5.7 acres.

The Land off Lydiat Lane extends to approximately 5.56 acres.

PLANNING

The Property is under the jurisdiction of Cheshire East Council. It is not locally or statutorily listed, nor within a Conservation Area as per the Cheshire East Conservation Area Map. The site is situated entirely within Flood Zone 1. We are not aware of any recent or relevant planning applications on the site.

An initial planning appraisal confirms the site is protected under local policy, with its current use classified as a community facility (educational use). Any proposal for alternative use will therefore need to clearly demonstrate that the existing use is no longer viable.

The playing fields are designated as Protected Open Space, meaning their redevelopment must be carefully justified. This could be achieved by demonstrating they are surplus to requirements, providing equivalent replacement provision elsewhere, or delivering alternative open-space benefits as part of a comprehensive development proposal.
