Built in 2013, this modern facility offers a ready-to-use opportunity for a variety of institutional residential purposes—adolescent, adult, or specialized care. Located in the Fountain Inn area, the property sits on a private 7.76-acre parcel surrounded by natural seclusion.

The building features three residential pods: one with two bedrooms and two with three bedrooms, providing capacity for up to thirty residents. Additional amenities include administrative offices, a gym, an indoor half basketball court, a fenced walking path, an interior courtyard, and ample recreational areas.

This well-maintained property operated as a pediatric residential treatment facility until March 2020 and remains in excellent turnkey condition for immediate occupancy or adaptive reuse.
