THE FIRST TOWN CENTER FOR OAKLAND, FL

Rooted in History. Rising for Tomorrow.

Welcome to the Town of Oakland, Florida, a place where ancient oaks line the roads, a beloved lake shimmers along the southern shore, and an old railroad became one of Central Florida's most treasured trails. Oakland has always had character. Now, for the first time in its history, it will have a center.

Nestled between Winter Garden and Clermont along the powerful SR-50 corridor, Oakland sits at the heart of the fastest-growing ZIP code in the entire state of Florida, a community that has grown more than 45% in just five years and shows no signs of slowing down. The Orlando Metropolitan Area, now home to nearly 3 million residents and the fastest-growing large region in the nation, has chosen Oakland as its next great address.

Oakland Town Center is a new mixed-use destination designed to serve the community Oakland is becoming, without forgetting the town it has always been. Here, among the shade of the iconic oaks that gave this town its name, we are creating a gathering place anchored by first-class retail, chef-driven restaurants, unique boutiques, and open green spaces that reflect Oakland's enduring love of the outdoors.

This isn't just development. This is a homecoming, a place where the spirit of the West Orange Trail meets the energy of a booming new suburb, where the legacy of the Orange Belt Railroad finds a new purpose, and where the residents who have made Oakland the most sought-after community in Orange County will finally have a town center worthy of their town.

Oakland has always been the soul of West Orange County. Now, the world will know it.

CENTRAL FLORIDA REGIONAL MAP

Central Florida is the growth capital of America, stretching from the shores of Tampa Bay on the west to the Space Coast of Cocoa Beach on the east, this 120-mile corridor is home to more than 8 million residents and adds thousands of new neighbors every single week. From the theme parks of Orlando to the rockets of Cape Canaveral, no region in the country commands more attention, more investment, or more momentum.

Oakland Town Center is ideally positioned in the heart of West Orange County between Winter Garden and Clermont — two of Central Florida's fastest-growing and most sought-after communities for residents, retailers, and hospitality concepts alike. Located just minutes from Downtown Winter Garden's vibrant dining and entertainment district, Oakland offers a rare opportunity to serve an expanding corridor that blends small-town charm with strong regional growth. The project is also within close proximity to major destinations including Walt Disney World Resort, Horizon West, Flamingo Crossings, and Downtown Orlando, positioning the center within one of the region's most dynamic lifestyle and tourism markets.

With convenient access to Florida's Turnpike, SR 429, and SR 50, Oakland Town Center provides exceptional regional connectivity throughout the greater Orlando area while maintaining the authentic character that makes Oakland unique. Surrounded by golf-cart-friendly neighborhoods, the West Orange Trail, nature preserves, and rapidly growing residential communities, the town center is designed to become a walkable gathering place where dining, wellness, entertainment, and everyday life come together in a thoughtfully curated outdoor environment.
