PORTFOLIO SUMMARY

PROPERTY DESCRIPTION

The portfolio comprises six bank branches under long-term leases, all located in central Pennsylvania. Lease terms extend through 2035 to 2039, ensuring a stable and predictable income stream. Each lease includes a 2.5% annual rent escalation, offering protection against inflation and enhancing return potential over time.

The tenant operates under a triple-net (NNN) lease structure, minimizing the landlord’s operational responsibilities. Income from the portfolio is considered secure, with value influenced by factors such as the duration of the remaining lease terms, the credit strength of the tenant (Truist), and current market capitalization rates for comparable assets in the region.

PROPERTY HIGHLIGHTS

- 6 leased bank properties in Central PA
- Long-term leases 2035 - 2039
- Annual rent increases at 2.5%
