

What We Love about Paradise Ranch:

LOCATION AND PRIVACY:

We were drawn to and love the location of our ranch. We are exactly 2 miles off of I-75 but completely private as well. Although we are super close to shops, restaurants, our church, airports, and I 75, when you drive through our gates at Paradise Ranch...it is pure, unadulterated privacy! We don't see any neighbors at all. We are bordered on all sides either by 20-foot hedgerows of Clusia and Areca Palms...and we have the river at the rear of our property. Once you enter the ranch, you literally feel like you are miles and miles from anyone and anywhere. Blissful solitude!

And the ranch is located at the end of a dead-end road. NO TRAFFIC!
So very peaceful.

We love afternoon naps in our hammock by the pond with the fountain running...

We love that we are within a 15-20 minute drive to 6 horse preserves/parks...

1. Pop Ash Preserve (horses only)
2. Buckingham Preserve (horses only)
3. Lockett Preserve (horses only)
4. Prairie Pines (horses only)
5. Telegraph Creek (horses only)
6. Caloosahatchee Regional Park (horses, bicyclists, hikers)

We love that our dogs get to run free all over this ranch...

LANDSCAPING AND WEDDING VENUE:

We love the mature palms and majestic Oak trees all over our ranch. The property is a manicured beauty with blooming shrubs and trees everywhere. The pastures and fencing were laid out to accentuate the beauty of the ranch.

Paradise Ranch is so beautiful that we have been the wedding venue for 5 weddings in the last two years. Three of those weddings had hundreds in attendance. The front pasture is perfect for parking more than 80 cars in 4 lanes with easy in and out access.
