Leaseback triple-net lease at \$3,000. Additional income from the storage units is approximately \$ 1,200.00 per month.

Building Size: 25,960 Sq. Fr. +

Lot: 152 x 177x 93 x16 x 65 x 161

Street Frontage Monroe St. 152'

The property features a 5,760-square-foot, one-story building with a metal exterior and wood frame, which serves as the Abingdon Auto Parts Napa store. This building was constructed in 1972. Additionally, there is a mini storage building measuring 30 feet by 100 feet (3000 sq. ft.), built in 1993. This mini storage facility is also a wood-frame structure with a metal exterior.

This metal building encompasses approximately 5,760 sq. ft. (60 x 96 x 12 ft high) and was constructed in 1972. It currently operates as Abingdon Auto Parts (Napa).

The interior features retail space, 3.1/5 bathrooms, an office, a break room, and a garage area. The office includes wall paneling and ceiling tiles, while the ceiling is open and insulated with commercial-grade materials. The trim and windows are also of commercial quality.

The parking area is paved with asphalt and provides seven parking spaces. The building is equipped with two natural gas furnaces and two air conditioning units. The electrical service includes a 200-AMP circuit breaker box in good condition.

The roof is pitched, made of steel, and covered with Dura-Glass plastic sheeting. The sides of the building are clad in steel siding. Additionally, the facility is equipped with fire extinguishers and an alarm system, and it is accessible for individuals with disabilities.

There is also a separate storage unit building that measures 30' x 100' and contains 24 individual storage units. The garage area of the main building measures 24' x 60' and features a modern overhead heater. Both the garage and the storage unit building have pitched roofs constructed of steel and covered with Dura-Glass plastic sheeting, and the sides are clad in steel siding. They are also equipped with fire extinguishers and an alarm system and are accessible to individuals with disabilities. This metal building encompasses approximately 5,760 sq. ft. (60 x 96 x 12 ft high) and was constructed in 1972. It currently operates as Abingdon Auto Parts (Napa).

The interior features retail space, 3.5 bathrooms, an office, a break room, and a garage area. The office includes wall paneling and ceiling tiles, while the ceiling is open and insulated with commercial-grade materials. The trim and windows are also of commercial quality.
