CITY OVERVIEW

The Town of Apple Valley is located in the heart of the Victor Valley in the County of San Bernardino. Known as the “High Desert”, Apple Valley is strategically located 35 minutes north of the Inland Empire, along Interstate 15. Apple Valley is located in one of California’s pro-business districts. The Town has 78 square miles in its incorporated boundaries, and a sphere of influence encompassing 200 square miles

With 17 miles of freeway frontage, Hesperia offers easy access to 388,000 High Desert residents and proximity to 20 million residents in Southern California

With a completion date expected in 2028, Brightline West will be the country's first true high-speed passenger rail operation. The Victor Valley station, located on nearly ±300 acres at Dale Evans Parkway and I-15, will serve as the Maintenance of Way facility and possible future hub for the proposed High Desert Corridor and California High Speed Rail lines. The project is expected to provide over 35,000 construction jobs and 1,000+ permanent jobs while connecting two of America's most popular destinations in Los Angeles and Las Vegas.
