- Mezzanine storage

ROBUST INFRASTRUCTURE

- 1,200 amps, 120/208V, 3-phase power
- Natural gas and compressed air lines
- Floor drains
- 18' minimum clear height
- Fire sprinkler system

ACCESS & LOCATION

- 1 dock-high loading door
- 2 grade-level truck doors
- 43 parking spaces
- Minutes from McClellan-Palomar Airport
- Convenient access to major Carlsbad corridors

STAND OUT IN CARLSBAD

This property combines functionality, infrastructure, and a premier location—making it a rare opportunity for companies seeking a turnkey industrial solution in North County San Diego.

EXPANDED WAREHOUSE POTENTIAL

This alternate floor plan illustrates the potential to reconfigure the existing layout to create a significantly larger, more open warehouse area while retaining office, production and support spaces. This flexibility allows the facility to accommodate users with greater warehousing, distribution, manufacturing or assembly requirements.

PRODUCTION + WAREHOUSE CAPABILITY

Climate-controlled production areas with dedicated manufacturing / assembly space

OFFICE + LAB ENVIRONMENT

Modern office layout complemented by FDA-grade laboratory spaces with sinks

PRIME CARLSBAD LOCATION

Minutes from McClellan-Palomar Airport
Convenient access to Palomar Airport Rd,
El Camino Real and Cannon Road
