# Why Victoria, BC?

Ranked as one of the most walkable cities worldwide, Victoria is known by locals and tourists alike for its coastal cool location, vibrant outdoor atmosphere, and flourishing arts and entertainment scene. In response to burgeoning demand fuelled by a booming local tech industry, residential development in the city's core is at an all-time high – with the population in downtown Victoria expected to grow by 6% over the next 5 years.

Victoria's economy is expected to grow further in coming years. In addition to over 13,000 new residential units (built and/or approved) within a 15 minute walk of the centre, Victoria is adding over 500K sq.ft of new office space in the Central Business District. These developments are expected to further bolster the 57,000 urban workers who, today, boost population by 34% during daytime hours.
