CONTEMPORARY HOUSING AT ACCESSIBLE LEVELS

The Gershwin's attainable nominal rents, hip architecture, and extensive amenities are a distinct leasing advantage. Compared to recently-built developments in Hollywood with average market rents in excess of \$3,300, the Property offers a compelling "value" proposition for residents and is strategically positioned to capture the market's largest renter base.

POSITIONED FOR STRONG OPERATING PERFORMANCE

Since 2019, record deliveries of approximately 5,250 units were added to Hollywood. Starting in 2027 and for years to come, new deliveries will be at a fraction of historical levels and are expected to be the catalyst for strong occupancy levels and rent growth.

THE RETURN OF URBAN OUTPERFORMANCE

As demonstrated by Moody's rent growth projections below, Hollywood is expected to outperform many of the strongest submarkets in Southern California over the next 10 years. The reason for this is clear:

1. Increased renter demand for urban walkable locations.
2. Dramatic decline in new supply.
3. Current rents have remained relatively unchanged over the past 5 years.

AT THE CENTER OF LA'S MOST IN-DEMAND RENTAL CORRIDOR

The Gershwin is uniquely positioned within walking distance of East Hollywood, Los Feliz, and Silver Lake - three of the most culturally relevant and renter-preferred neighborhoods in Los Angeles. This rare convergence creates a powerful demand driver rooted in lifestyle, authenticity, and walkability.

East Hollywood – A globally recognized cultural hub (Time Out, 2024), driven by a vibrant arts scene and an emerging collection of Michelin-recognized dining and nightlife.

Los Feliz – A high-income enclave defined by creative institutions, the area offers an eclectic mix of boutique retail, renowned dining, and neighborhood cafés.

Silver Lake – A nationally recognized lifestyle destination known for its trend-setting retail, independent brands, and some of Los Angeles' most sought-after food and beverage concepts.
