EXISTING FRONTDOOR**

**VIEW FROM THE BACK TO
EXISTING FRONTDOOR**

The image shows the interior of a building under construction. The ceiling is composed of numerous wooden joists. The walls are partially finished with blue metal framing. The floor is dark and appears to be concrete or asphalt. In the foreground, there is a pile of construction materials, including bags and debris. In the background, a doorway leads to an existing front door, which is brightly lit, creating a strong contrast with the dark interior. A black trash bin is visible in the hallway leading to the front door.
