LANDMARK INDUSTRIAL

Landmark Industrial is an execution-oriented commercial real estate firm that is focused on developing light industrial buildings throughout the southeast. Landmark pursues development opportunities in under-served secondary and tertiary markets located near seaports, inland ports, and major highways where we can create value through our deep understanding of the development process, industrial markets and supply chains. This functional expertise enables us to identify and pursue transactions where others fail to perceive opportunity, understand risk, or possess the ability to navigate complex engineering, regulatory and/or political environments.
