MERIDIAN RANCH

2,600 ACRE MASTER PLANNED COMMUNITY

MERIDIAN RANCH is located two miles north of Woodmen Road and is directly adjacent to the Woodmen Hills Master Planned Community. Meridian Ranch was created as a Recreation and Golf Course master-planned community with landscaped parkways, tree-lined trails and wonderful amenities such as the Antler Creek Golf Course, Madera's Grill and Cantina, quality schools, numerous neighborhood parks and a state of the art 42,000-square-foot recreation center with outdoor and indoor pools, offering residents a wide variety of activities perfectly suited for an active, healthy lifestyle. The Meridian Ranch Fieldhouse, currently under construction, is a brand-new 45,000-square-foot facility that will include an outdoor turf field for activities like soccer, lacrosse and flag football, a workout area with state-of-the-art fitness machines, a group exercise studio with an outdoor turf attachment, a childcare center and a walking track suspended above the indoor field.

As such, Meridian Ranch has attracted demographics with an average household income level that is above the national average. Meridian Ranch is one of Colorado Springs' fastest growing communities, with approximately 3,500 homes currently and 5,000 homes planned at full build-out.
