# Property OVERVIEW

This modern, Class A I-2 zoned concrete tilt-up warehouse on Kooloaula Street in Kapolei positions your operation in the center of Oahu's fastest-growing industrial region. Strategically located near Kalaeloa Barbers Point Harbor, the state's second-largest commercial harbor, the property offers a logistical advantage for import, export, and inter-island distribution users who depend on efficient port access.

Bordering Campbell Industrial Park, Hawaii's largest industrial hub, you're surrounded by established national and regional operators who rely on this corridor for scale, infrastructure, and workforce access.

Inside, the building is purpose-built for performance: 32-foot clear heights, expansive open-span layout, durable concrete floors, multiple loading docks, and strong power capacity to support manufacturing, distribution, and high-volume logistics. A generous yard area provides flexibility for container storage, fleet staging, or equipment laydown, complemented by ample on-site parking and efficient truck circulation.

For companies that prioritize access, scale, and long-term positioning, this Kapolei facility delivers the infrastructure and location that drive serious operations.
