CHAPTER ONE

INTRODUCTION

A CONVERGENCE OF
PAST & PROGRESS

Greencoat & Gordon is a 107,779 sq ft workplace in Victoria, offering spacious, open plan office space across eight floors. It's a compelling headquarters opportunity for both established and growing businesses.

Created from two beautifully restored Victorian warehouses, the building perfectly balances modern, occupier-focused design and desirable heritage features.

The striking red-brick façade is a foil to the clean, light-filled interiors and best-in-class occupier amenities. Industrial details sit alongside high-specification finishes.

And the SW1 location places you in a vibrant central London neighbourhood where old and new coexist harmoniously.

CHAPTER TWO

DERWENT LONDON

DERWENT LONDON, YOUR LANDLORD

We are **London’s leading specialist** in crafting design-led, sustainable workplaces that inspire, enhance wellbeing and **support business aspirations**.

- ❖ A proven track record and expertise
- ❖ Largest central London office-focused REIT
- ❖ £5.1bn investment portfolio
- ❖ 5.3m sq ft in central London

We are a **different kind of investor, developer and commercial landlord**. Our strategic and considered approach focuses on the following areas, **setting us apart from others**:

- ❖ Innovative and inspiring architecture and design
- ❖ A personal and relationship-driven ethos
- ❖ A unique approach to service and amenity, which authentically considers the needs of the business and the individuals within our buildings
- ❖ Complimentary DL/Member benefits package for every office occupier with tangible benefits and enhanced experience for your Talent
- ❖ A commitment to sustainability in everything we do

 [Discover more about Derwent London and our story so far](#)

VISION
We craft inspiring and distinctive space where people thrive.

PURPOSE
We design and curate long-life, low carbon, intelligent offices that contribute to London’s position as a leading global city.

VALUES
We build long-term relationships.
We lead by design. We act with integrity.

◆ DL/MEMBERS

Derwent London Membership is a **complimentary benefits package** available to every occupier and their employees working in a Derwent London building.

TOP & LEFT: DL/78, FITZROVIA W1
RIGHT: DL/28, OLD STREET EC1

DL/MEMBERS

Membership status is automatic and as DL/Members, all employees can enjoy access to:

DL/LOUNGES
Our two Lounges, DL/78 in Fitzrovia W1 and DL/28 in Old Street EC1 for work, meetings and informal catch ups. They include:

- ❑ Communal collaboration and working areas
- ❑ Bookable meeting rooms configured to your needs
- ❑ Phone booths and library for quiet working (DL/28)
- ❑ Event / town hall space available for exclusive hire
- ❑ DL/Service café serving delicious food and drink
- ❑ All connected via the DL/App

DL/SERVICE
Preferential Member rates on **high-quality, seasonal, food and drink** at the five DL/Service cafés within our buildings and Lounges.

DL/APP
An ever-growing package of **exclusive benefits** on the DL/App, including specially negotiated discounts from a **diverse collection of businesses**, local coffee shops, restaurants and wellness brands.

MEMBER EVENTS
A packed calendar of **exciting events** curated by our dedicated DL/Member Experience team.

RESPONSIBLE DEVELOPMENT

Derwent London have committed to becoming a **net zero carbon (NZC) business by 2030.**

2020

- First UK REIT to commit to a NZC strategy

2025

- Pathway Progress (2020-2025)
 - 20% energy consumption reduction since 2019
 - 40% of managed portfolio buildings now all-electric

2030

[Explore our Net Zero Carbon Pathway here](#)

OUR 2030 TARGETS

ENERGY INTENSITY REDUCTION

- 4% year-on-year reduction
- 2030 target: 123kWh/m²

CARBON REDUCTION

- 42% reduction in Scope 1 & 2 baseline by 2030
- Continue transition to all-electric buildings where feasible

EMBODIED CARBON REDUCTION

- 2025 onward target ≤600 kgCO₂e/m²
- 2030 onward target ≤500 kgCO₂e/m²
- Offset residual emissions
- Collaboratively work to reduce the carbon content of concrete via our Accelerating Concrete Decarbonisation Group

INVESTMENT IN RENEWABLE ENERGY

- 100% Green tariffs for electricity and gas
- Deliver and energise Lochfauld solar park to self-generate ≥40% of our managed London portfolio electricity

INCREASE BIODIVERSITY

- All major developments to achieve a 15% biodiversity net gain

RESPONSIBLE DEVELOPMENT

EMBODIED CARBON

Sub- and super-structure account for around 55% of upfront embodied carbon, which is often concrete. Methods adopted to ensure reduction in embodied carbon include the following:

- ❖ Retention of structure
- ❖ Lower carbon concrete and products/materials
- ❖ Supply chain engagement
- ❖ ACDG – a Derwent London initiated developer led, cross-chain group to accelerate concrete decarbonisation

SCOTLAND CONTRIBUTION

Unique holdings in Scotland delivering significant contribution to our NZC Pathway:

- ❖ Lochfauld 18.4MW Solar Park, nearing completion, once delivered will generate c.40% of our electricity consumption. This covers 100 acres
- ❖ Tree planting on 30Ha of woodland
- ❖ Opportunity for Anaerobic Digestion (AD) to generate renewable gas
- ❖ Site of Special Scientific Interest (SSSI)
- ❖ Sustainable farming practices

CIRCULAR ECONOMY

Extended use and reuse of structure, materials and equipment, including:

- ❖ Pre-development audits
- ❖ Extensive dismantling strategies
- ❖ Procurement of recycled and reused products
- ❖ Reuse of furniture and fittings

REDUCING ENERGY USE

Working with our occupiers to cut energy use across the portfolio, as well as reducing landlord consumption, including:

- ❖ Active occupier engagement and partnership approach
- ❖ Green leases
- ❖ Electrifying our portfolio, with 40% of our managed portfolio buildings now all-electric
- ❖ Tangible occupier initiatives e.g. ‘You Hold the Power to Save’
- ❖ Optimisation of building management systems
- ❖ Intelligent Building platforms

CHAPTER THREE

THE LOCATION

THE NEIGHBOURHOOD

A flourishing central neighbourhood focused on the busy thoroughfare of Victoria Street and animated by a sprinkling of desirable retail and leisure destinations.

Within a 5-minute walk

- 01 60 Degrees
- 02 Chez Antoinette
- 03 Gymbox
- 04 Iris & June
- 05 The Ivy

Within a 10-minute walk

- 01 1Rebel Victoria
- 02 Market Halls Victoria
- 03 Notes Coffee Roasters & Bar
- 04 Regency Café
- 05 Victoria Palace Theatre

Within a 15-minute walk

- 01 Buckingham Palace
- 02 The Cinnamon Club
- 03 FRAME Victoria
- 04 The Goring Hotel and Dining Room
- 05 Tate Britain

◆ A NEIGHBOURHOOD OF INSTITUTIONS & INSTIGATORS

Victoria is one of central London’s village-like neighbourhoods. High-profile landmarks include Buckingham Palace, St. James’s Park, and Victoria mainline station. But woven in between are thriving high streets and tree-lined residential enclaves.

◆ **REGENCY CAFÉ**
Having altered little since 1946, this traditional London café, with its black-tiled Art Deco exterior, is a much-loved neighbourhood stalwart and has been voted the capital’s fifth-best eating place on Yelp.

THE GREEN PARK
With its 40 acres of lawned expanses, wildflower meadows, and leafy avenues, The Green Park is a peaceful place to commune with nature, sunbathe, and lunch alfresco, little more than a ten-minute walk away.

◆ **IRIS & JUNE**
This bright and modern independent café has been serving the people of Victoria for over a decade. Food is freshly prepared daily and produce comes from a community of sustainable suppliers.

THE ALBERT
Just as the façade of Greencoat & Gordon stands as a bastion of Victorian London charm in the city, so too does The Albert. Patrons come for its cosy atmosphere and gastropub fare, from a pie and pint to salads and spritzes.

WESTMINSTER CATHEDRAL
From hosting state occasions to welcoming moments of quiet reflection, this magnificent building has been a cultural focal point since 1903, noted for its rich history, celebrated choir, and artistic splendour.

◆ A NEIGHBOURHOOD OF INSTITUTIONS & INSTIGATORS

Longstanding local eateries and fine-dining fixtures are joined by new food pioneers and cutting-edge coffee shops. Post-work pastimes range from a culture fix, fun and games, or a hard-hitting workout. It's a rich and varied lifestyle landscape to be explored and enjoyed.

THE IVY BRASSERIE
This iconic culinary brand is synonymous with refined West End dining. Set across two floors, their brasserie in Victoria is a choice spot for a business lunch, weekend brunch or after-work cocktails.

GYMBOX
Handy for the regular upkeep of fitness routines, the best-equipped gym space in Victoria, offering 70 different classes, is located on the lower ground floor of Greencoat & Gordon.

CURZON CINEMA
Expect an elevated cinema-going experience at the Curzon on Victoria Street. All five screens have reclining seats and tables, and it has two lounges, a café, and a hireable mezzanine space.

VICTORIA PALACE THEATRE
This beautiful West End theatre is treasured for its ornate Edwardian architecture and world-class productions, including the long-running residency of Pulitzer Prize-winning musical Hamilton.

LANE 7
Besides the ten-pin bowling, this indoor sports mecca offers mini golf, darts, shuffleboard, beer pong and augmented darts. Its other attractions are a bar serving killer cocktails and a secret basement arcade room.

A FOCAL POINT FOR
COMMUTING & CONNECTING

Greencoat & Gordon is only a **seven-minute walk** from the major transport hub of **Victoria station**, where you'll find comprehensive mainline services, including fast trains to **Gatwick Airport**, and the **Victoria Underground line**. Closer still, **just five minutes away**, is **St. James's Park station** on the **Circle and District lines**.

CHAPTER FOUR

THE BUILDING

AN INTEGRATION OF
HIGH-SPECIFICATION & HERITAGE

Greencoat & Gordon is a reinvention of two handsome late-Victorian warehouses. Thoughtfully amalgamated and beautifully refurbished, they’ve evolved into a distinctly modern workplace that retains intrinsic elements of heritage character.

THE HISTORY

The two buildings date from between 1883 and 1885 and were once warehouses for the Army & Navy Stores’ flagship emporium on Victoria Street. Designed by J. Bull, they are first-class examples of late Victorian architecture.

THE ARCHITECTURE

Exuding refined Victorian character, the striking red-brick façades have a commanding presence on Francis Street and Greencoat Place and typify the architecture of the area.

TOP LEFT: GREENCOAT & GORDON SITE ON JOHN ROCQUE MAP, 1746
TOP RIGHT: FORMER MARKET HALL AT 6-8 GREENCOAT PLACE SW1
BOTTOM: ARMY & NAVY STORES, VICTORIA STREET, C.1898

REFURBISHED & REINVIGORATED

Crucial to this sympathetic restoration, features of the historic buildings have been retained, ensuring history shines through. Most evident is the **stunning red-brick façade**, with its ornate details, giving Greencoat & Gordon its **distinctive character**.

Inside, there are **echoes of the buildings' industrial heritage** at every turn. Integral to the Victorian design are the lightwells, which, with the addition of gantries and seating, have been given a fresh purpose as **inviting breakout spaces**.

The **original staircases** with end-grain oak treads, timber handrails and metal balusters are **beautifully refurbished**. On the office floors **exposed cast-iron columns** and **vaulted ceilings**, with distinctive jack arches, reveal the spaces' industrial past. Elsewhere, internal brickwork and original steel doors and shutters have been **carefully restored**.

KEY FEATURES

People-focused office space and high-quality amenities shape a workplace that prioritises occupier wellbeing and sustainability.

107,779 sq ft of CAT A office space across eight floors

Dual access with receptions on Francis Street and Greencoat Place

Large floor plates of c.19,000 sq ft

1:10 occupational density

Generous floor-to-ceiling heights of over 4m in some areas

Communal lounge and terrace on the fifth floor

Impressive end-of-journey facilities

Gymbox fitness studios on the lower ground floor

All-electric and net zero carbon building

Championing circular economy in design and construction

Characterful Victorian features including cast-iron columns and coffered ceilings

Fifth floor lounge and terrace		2,012	187
Total		111,933	10,399

◆ ACCESS & ARRIVAL EXPERIENCE ◆

Greencoat & Gordon is now a **single, unified workplace**, with the office floors spanning the full extent of the building.

Both original entrances on Francis Street and Greencoat Place have been retained, and feature **new reception areas** and **lift lobbies**. Occupiers can choose the most efficient entry point depending on their destination within the building.

The Francis Street reception features a **bright and attractive lounge** at the base of the lightwell. **Banquette seating** and **lush planting** make the space an **inviting place to socialise, meet, or work** informally away from the office.

- Communal lounge
- Terrace
- Office
- Common parts

CHAPTER FIVE

THE DETAILS

CIRCULAR ECONOMY

Derwent London’s circular economy strategy is to **reduce embodied carbon** in our developments by giving elements a second life wherever possible – **without compromising on quality** for our occupiers. To support us in our mission, we’ve partnered with **Material Index**, whose MI digital platform empowers organised reuse at scale.

Greencoat & Gordon is our **latest exemplar in circularity**, with a significant proportion of the existing buildings either retained or reused. Central to this achievement is the retention of the **original building structure** and majority of the **heritage façade**.

Many internal materials and fittings are also being **reused or repurposed**, including the raised access floor tiles and flooring, sanitaryware, light fixtures and washroom tiles. Even some of the existing furniture, doors and glazing have found a home in the new building.

SUSTAINABILITY CREDENTIALS

Combining **sustainable approaches** to building design, energy consumption, and material use, Greencoat & Gordon is being **re-imagined for its next lease of life**.

RETROFIT
In line with our circular economy mission, the building’s original structure and façade are being retained and many internal materials will be reused.

ELECTRIC HEATING AND COOLING
The building will have all-electric heating and cooling, supplied by renewable electricity.

EMBODIED CARBON
An 11% reduction in carbon emissions achieved through design optimisation and low carbon specification, resulting in an upfront embodied carbon of $\leq 270 \text{ kgCO}_2\text{e/m}^2 \text{ GIA}$, the equivalent to LETI A+ rating.

SUSTAINABLE MATERIALS
Lower embodied carbon materials have been incorporated, either by reusing existing materials or sourcing sustainable products. All new timber is FSC or PEF certified.

OPERATIONAL ENERGY
As well as being fossil-fuel free, the refurbishment has been designed to target an energy intensity of c.110 kWh/m^2 , in line with good practice industry benchmarks.

AIR CONDITIONING
Low carbon refrigerant will keep operational emissions low throughout the life of the building.

SUSTAINABLE TRAVEL
Generous cycle store provision and best-in-class shower facilities to support sustainable travel.

CHAPTER SIX

THE TEAM

SQUIRE & PARTNERS

Squire & Partners is an international architecture and interior design studio with a reputation for using storytelling to produce beautifully crafted design. They create highly sustainable, enduring buildings and places that speak to the community they are in.

Their designers create tangible value and exceed expectations for the physical, social and commercial needs of their clients and communities.

As designers, developers, communicators, innovators, place makers and crafters, the studio actively promotes collaboration with experts in all disciplines of the built environment, to deliver a world-class product. Squire & Partners creates distinctive, enduring and thriving places that are sensitive to their context and connect architecture with community.
