COUNTY OVERVIEW

MOSES LAKE-OTHELLO

Washington’s Moses Lake-Othello metro is situated between Spokane to the north-east, the Tri-Cities to the south and Yakima to the southwest, and it consists of Grant and Adams counties. Interstate 90 and U.S. Route 2 traverse the region, providing convenient access to Seattle, which is 180 miles west of Moses Lake. Most areas of the state are accessible within a day’s drive from the metro. The low cost of electricity, seismic stability and availability of land are attracting technology, avionics, data-processing and storage companies. Additional economic drivers are agriculture, recreation, the Port of Moses Lake and Big Bend Community College.

METRO HIGHLIGHTS

RECREATION AND TOURISM

The area’s many bodies of water, favorable climate and unique geographic features underpin a large outdoor recreation and tourism sector.

AGRICULTURE

Plenty of sunshine and irrigation support a large agricultural sector that produces wheat, corn, potatoes and apples. Raising livestock is also prevalent.

GRANT COUNTY INTERNATIONAL AIRPORT

As part of the Port of Moses Lake, the airport is one of the largest airfields in the nation with five runways, one of which is 13,500 feet long. The airport is a testing and training facility for military and commercial users, including Boeing.

ECONOMY

- Unique features, including the Columbia River, Grand Coulee Dam, Potholes Reservoir and the Columbia National Wildlife Refuge, provide outdoor recreation opportunities. Tourism is further enhanced by the area’s golf courses, state parks, resorts and RV parks.
- Agricultural production has led to the growth of a large food-processing segment, providing manufacturing and transportation employment.
- The Port of Moses Lake covers 5,700 acres to the north of the city that was once Larson Air Force Base and is a foreign trade zone. In addition to the airport, the port contains more than 60 businesses, including tech companies that employ more than 3,500 workers.
