AT BLUHAWK

OVERLAND PARK, KANSAS

WHAT IS BLUHAWK?

Located in Overland Park, Kansas, and created by Kansas City's century-old, family-owned company Price Brothers, Bluhawk is 277 acres of mixed-use development. But even more than that, **it's a serendipitous, first-of-its-kind sum of retail, dining, multifamily, office, healthcare, entertainment, and youth sports, all of which will be anchored by the state-of-the-art AdventHealth Sports Park at Bluhawk.** Step outside the sports park and immediately step into a lifestyle center; it is the apex of adjacency and the absolute in accessibility. **For the special day and the everyday, the sports tournament and the shopping trip, there's never been anything like it before, in Kansas or anywhere else.** And it is therefore uniquely well-positioned to take Overland Park, over the top. In short, it represents the best of the Kansas City area and its brightest future.
