LOCATION

Ferrybridge Workshops occupies a highly accessible position on the Old Great North Road in Ferrybridge, a village forming part of the wider Knottingley area within the City of Wakefield. The location sits at the heart of an established industrial corridor, with close connections to neighbouring towns including Knottingley (1 mile), Pontefract (2.6 miles) and Castleford (3.7 miles), as well as strong links to the broader Yorkshire region including Wakefield (15 miles), Doncaster (17 miles) and Leeds (20 miles).

The site benefits from excellent connectivity, with direct access from the A162 which serves Junction 33 of the M62 1 mile to the south which links directly to the A1(M), placing it at one of the most important highway intersections in the North of England. Local bus routes serve the immediate area, including connections between Ferrybridge and Castleford, while Knottingley railway station situated 0.9 miles from the site provides direct rail links to Leeds and Wakefield.

The Workshops form part of a well-established commercial cluster. Nearby, Ferrybridge Business Park provides a range of light industrial and warehouse accommodation occupied by engineering, environmental and technical service firms, contributing to a strong local supply chain. Major regional investment is also underway, including the Mountpark Ferrybridge redevelopment of the former power station site, which is set to deliver up to 1.64 million sq ft of modern industrial and logistics accommodation.

DESCRIPTION

Ferrybridge Workshops established more than 40 years ago is a substantial heavy-engineering and precision-manufacturing complex comprising approximately 160,000 sq ft of workshop and office accommodation. The warehouse is located to the rear of the complex.

The subject property comprises a steel portal framed industrial unit with brick built elevations to approximately 1m, clad thereafter in profile sheet metal beneath a pitched roof incorporating translucent roof lights.

Internally the unit is open plan with an eaves height of 12.25m (40'2"), concrete floor, high-level suspended linear light fittings, WC's, industrial translucent wall panels and a fully serviced 25 tonne crane. The unit also benefits from two roller shutters and multiple pedestrian access doors.

Externally, the property benefits from yard/parking space to the front and side. The site also benefits from full monitored CCTV, 24/7 manned security at the entrance as well as fob accessed vehicle and pedestrian gate providing a high level of security.

ACCOMMODATION

The unit has been measured in accordance with the RICS Code of Measuring Practice and has an approximate Gross Internal Area of **18,320 sq.ft (1,702 sq.m)**.
