Huddle Fulham

Introduction

Make yourself at home in Huddle

From covering the bills to hosting engaging events and offering expert support through our partnership with Barclays Eagle Labs, we've built a workspace that works hard for you. It's more than just a desk, it's a launchpad.

Top Tier Technology

At Huddle, you get lightning-fast, enterprise-grade internet for the price of standard broadband and we only partner with top-tier providers. Our 100 Mbps shared internet comes as standard, with easy upgrades to 200 Mbps, 500 Mbps or even 1Gbps. Our IT experts are here from day one and on hand to support you with any problems you may encounter.

Regular Events

We like to keep things balanced with a year-round calendar of wellness activities, networking events and growth-focused sessions. At Huddle, we're all about creating inclusive, vibrant spaces where everyone can thrive.

Flexibility

Enjoy the convenience and collaboration of a workspace community without the constraints of a traditional office. Start in a hot desk or small office and as your business evolves, so can your space. We offer flexible terms including monthly rolling contracts, scalable options and expert support at every stage of your journey.

Transparent Leases

At Huddle, there are no hidden costs or overcomplicated contracts. We take care of all your bills. Each month you receive just one all-inclusive invoice which remains fixed for your entire contract period.

Backed by Romulus

Huddle is owned and operated by Romulus, a workspace provider with over 1 million sq ft of office, retail, hotel and leisure space across London. Wherever you're headed, we've got the expertise to support your next move - and you'll only ever deal directly with us.

Our Community

We get that community and networking are vital to not just business success, but personal growth too. That's why we work hard on forging connections between people and businesses - and partner with Barclays Eagle Labs who, through a dedicated Ecosystems manager in each of our Huddle locations, can provide mentorship, learning, funding and corporate connections.

Onsite Support Team

Our Community team are your workday sidekicks - here to brighten your morning, connect you with the right people and keep things ticking along. Need a meeting room or podcast studio booking or just a good playlist recommendation? Speak to our wonderful team, they're on hand to help.

24/7 Access

Depending on your membership, you can access your space 24/7 with our smart and secure access passes.

Huddle Cafés

Huddle spaces are hospitality-led, designed to make your working day feel like a day well spent.
