OVERVIEW

7,500 square foot flex building available with great visibility on the west side of I-81 immediately north of Exit 47.

Formerly the location of a parts distributor, the current layout has a front customer counter area with a small office, kitchenette and bathroom. The fwd-middle portion of the building is currently configured with metal shelving. The rear-middle portion of the building is largely open workspace with workbench/counters. The rear of the building is warehouse with pallet racking and a large grade level door. There is also one man door adjacent to the overhead door along with another on the back wall.

Current layout allows for significant flexibility in accommodating a new tenant / use. The 2 acre site could potentially accommodate expansion of the building as well.
