RARE OPPORTUNITY TO OWN RATHER THAN LEASE

- Purchase financing is available to owner-users through the Small Business Administration. Down payments are as little as 10%
- If purchased with 10% down (\$275,000), the monthly loan payment is estimated at \$16,355/month, which equates to only \$1.52/SF.
- After removing principal paydown and accounting for only the interest portion of the monthly loan payment, the cost to occupy (and own) this building is approximately \$1.48/SF/Month - Far less than the cost of leasing
- SBA financing allows for buyers to lease up to 49% of their building, creating the opportunity to further reduce occupancy costs.
- As an owner, one can benefit from the potential appreciation of the asset.

REGIONAL MAP

TRADE AREA INFORMATION

ONTARIO, CA

Ontario is one of the fastest-growing cities in Southern California and serves as a major economic hub for the Inland Empire. Located near Interstate 10, Interstate 15, State Route 60, and Ontario International Airport, the city benefits from exceptional regional connectivity and a large workforce base. The city's continued growth is being fueled by substantial residential, industrial, and commercial development.

A major driver of growth is the master-planned Ontario Ranch community, the largest master-planned community in Southern California spanning approximately 13 square miles and more than 8,000 acres. The community continues to add thousands of new homes, schools, parks, and retail amenities, creating a rapidly expanding consumer base for local businesses. New neighborhoods and residential projects continue to be delivered throughout Ontario Ranch, including additional townhome and single-family home developments.

The city is also investing heavily in quality-of-life improvements, including the planned 340-acre Ontario Grand Park, which will become one of the largest public park projects in the region.

Ontario's retail landscape continues to expand alongside residential growth. New shopping centers, restaurants, and service-oriented businesses are being developed throughout Ontario Ranch to serve the area's growing population. National retailers, grocery anchors, quick-service restaurants, and lifestyle tenants continue to establish locations throughout the city, particularly within the Ontario Ranch corridor.

The City of Ontario is also actively revitalizing its historic downtown district through a series of public and private investments aimed at enhancing walkability, attracting new businesses, preserving historic character, and creating a vibrant mixed-use environment. Improvements to streetscapes, public gathering spaces, and commercial corridors are helping transform Downtown Ontario into a destination for dining, entertainment, residential living, and community events.

In addition to residential growth, Ontario remains one of Southern California's premier logistics and employment centers. The city benefits from millions of square feet of industrial development, proximity to Ontario International Airport, and continued expansion of distribution and business park facilities, attracting major employers and supporting long-term economic growth.
