ANNEXATION and ZONING

The original parcels comprising the **Woodstock Village** were annexed into the Town of Woodstock and rezoned to Woodstock’s new PUD ordinance in 2022. **In May 2026 the City approved annexation of 36 additional parcels surrounding Exit 100 adding approx. 310 acres to the City.** This increased Woodstock’s municipal boundaries on the immediate north and south sides Exit 100 to approx. 1,500 acres.

Woodstock Village’s PUD zoning entitles it to all the contemplated uses described herein.

Those recent annexations include 30 parcels now zoned for development of 375 new single-family lots, plus frontage retail and commercial pads.

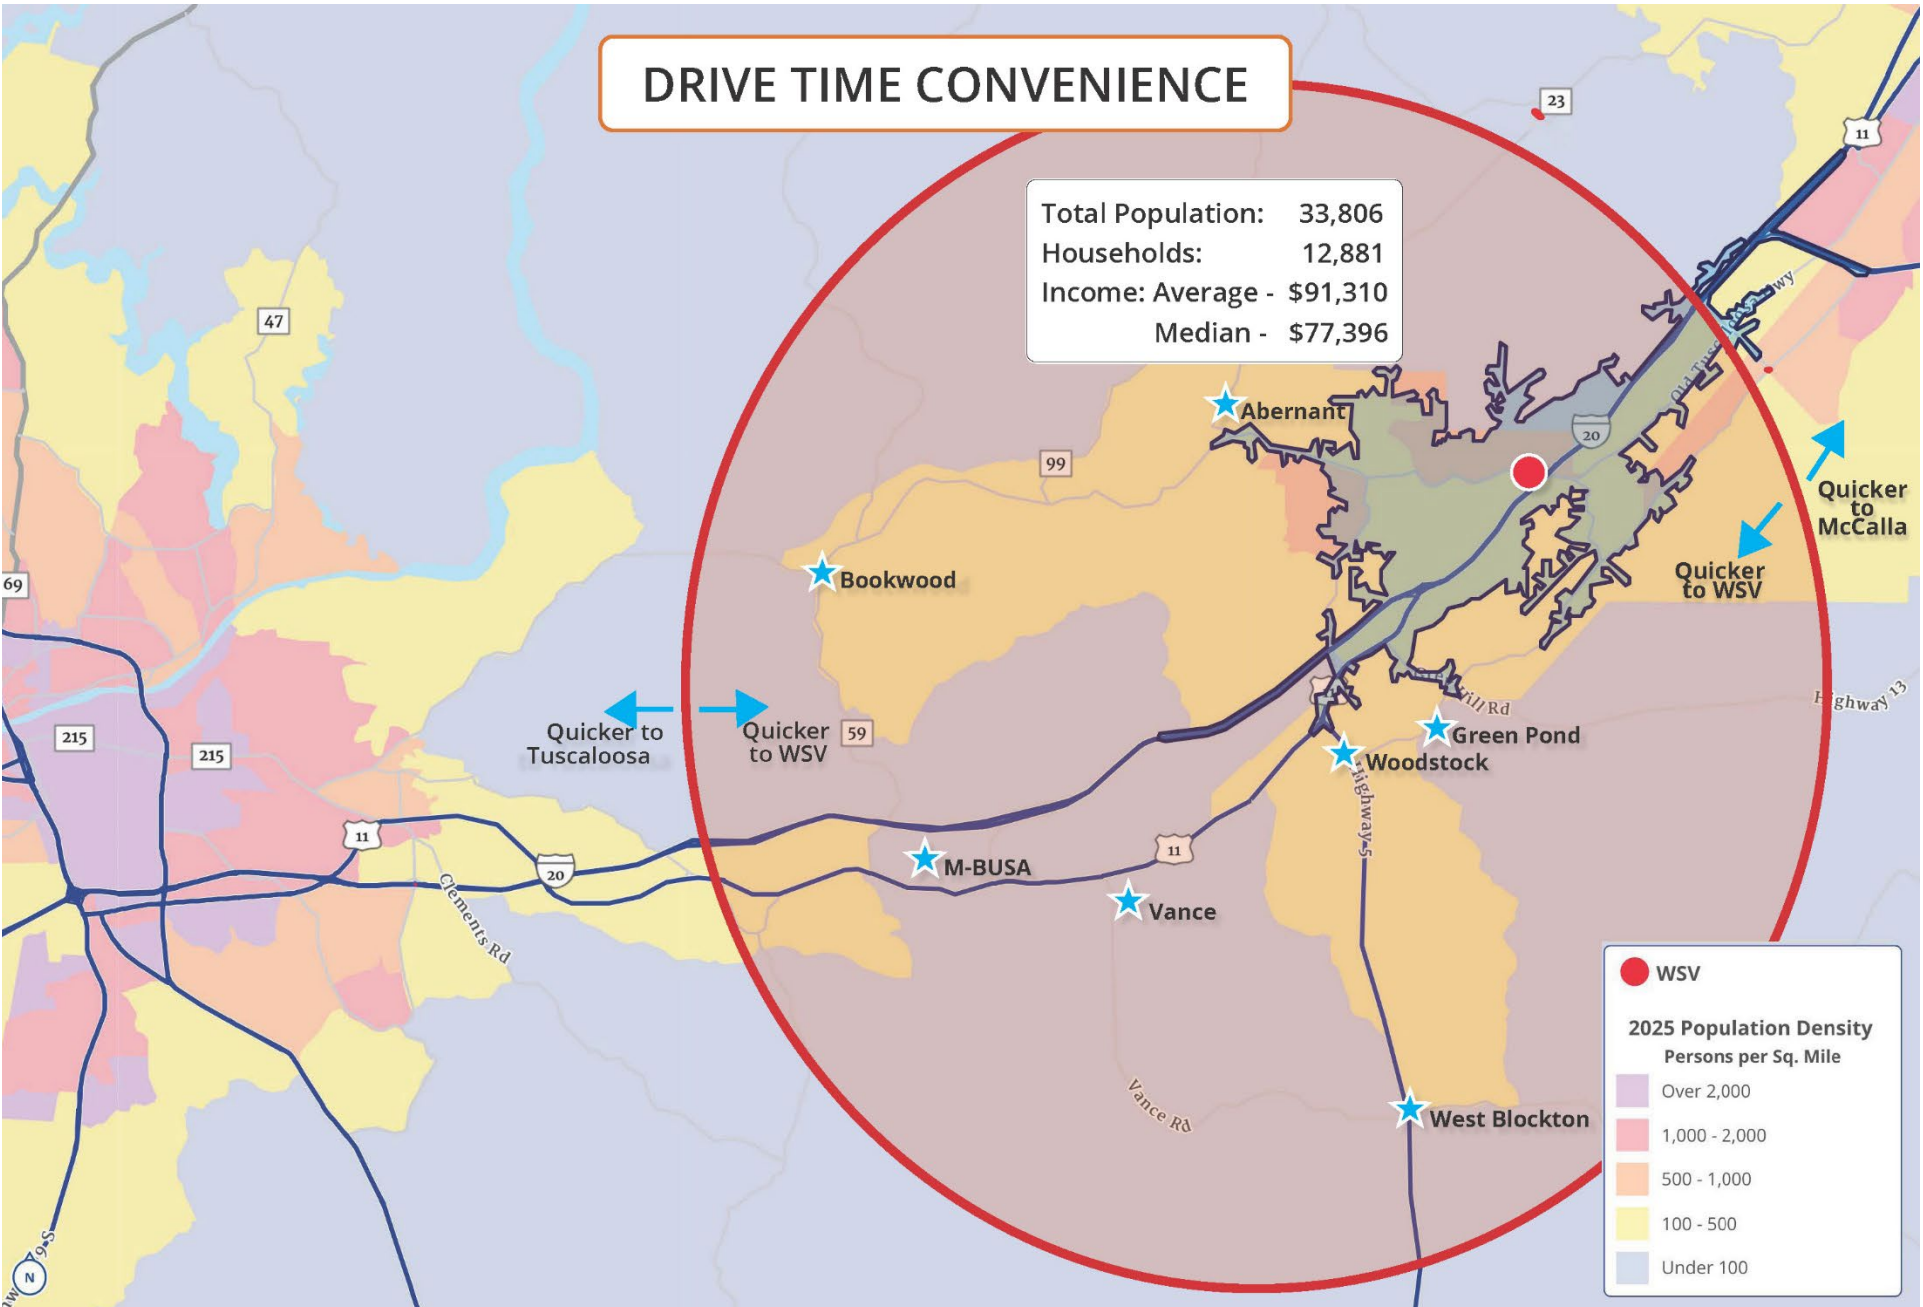

Previous annexations extend Youngblood Parkway to surround Exit 98: The City of Woodstock has strategically positioned Exit 100 as an economic and residential hub to eventually connect to Exit 98. Annexations to Exit 98 now reach from Youngblood Pkwy's termination at Lakeview Elementary all the way to Exit 98 @ I-20/59. Engineering, civil and planning studies are underway to extend Youngblood Pkwy all the way to Exit 98 – all funded by Federal, State, ALDOT and City entities. (A well-known interchange developer has recently acquired strategic parcels at Exit 98.)

DRIVE TIME CONVENIENCE

Total Population: 33,806
 Households: 12,881
 Income: Average - \$91,310
 Median - \$77,396

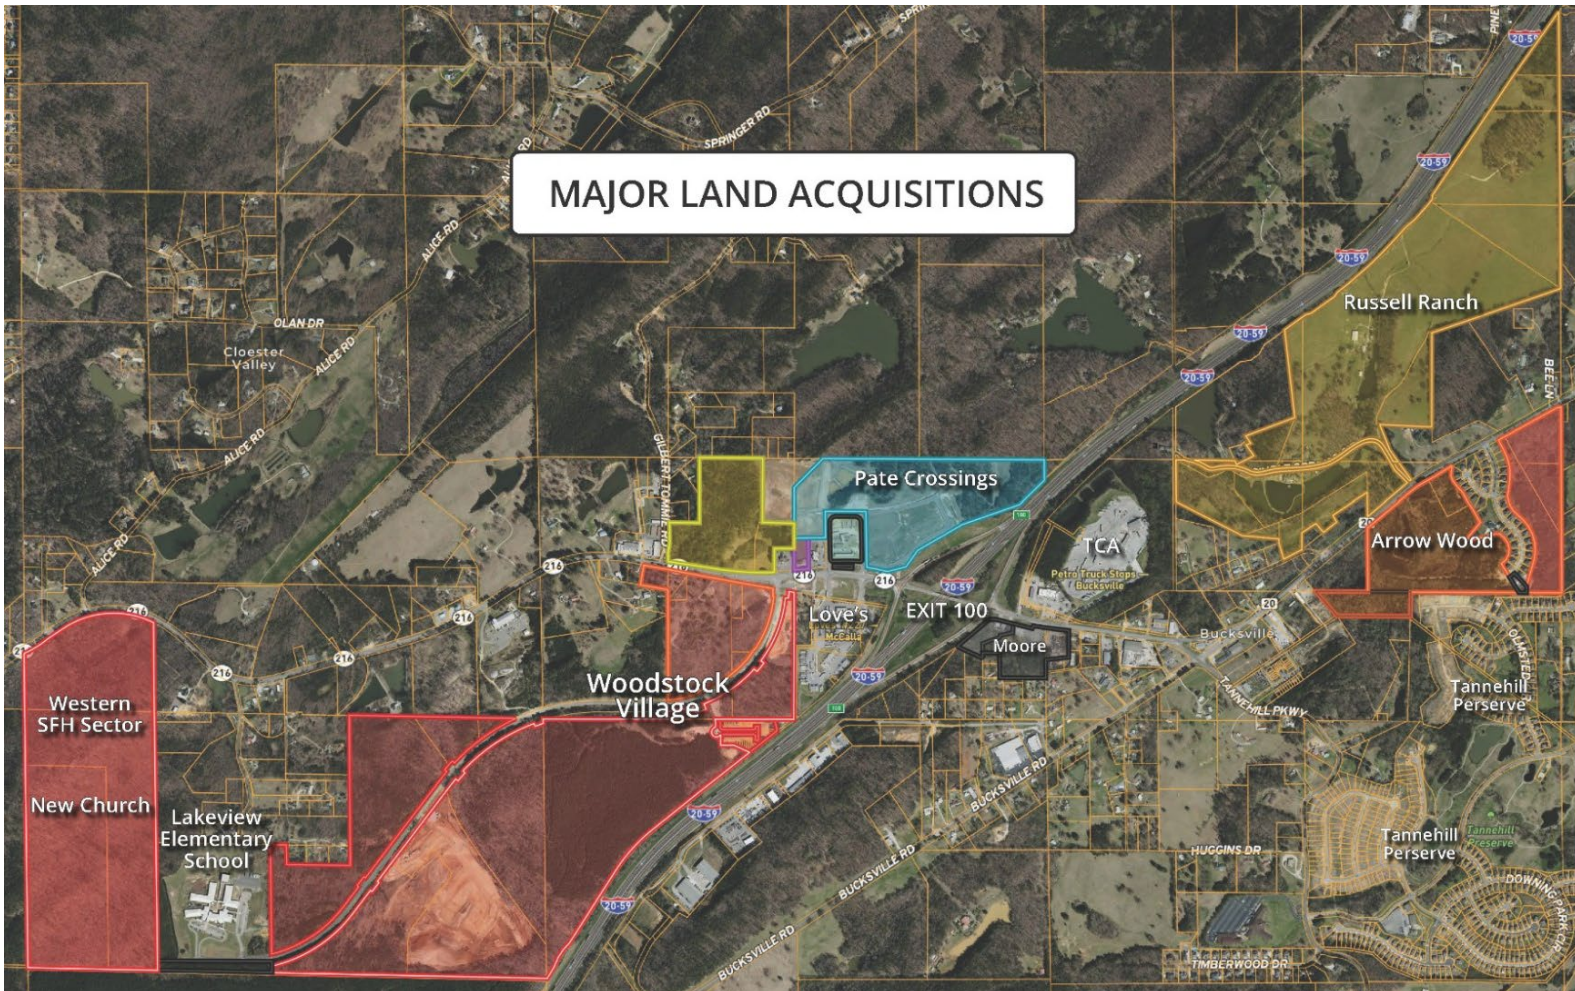

EXIT 100 IS AN EMERGING “NOW” LOCATION

Exit 100 is representative of this area’s emergence as a distinct trade area with accelerating residential demand but now experiencing significant retail leakage.

Major Land Acquisitions:

- 2019:** Stan Pate’s 52-acre interchange quadrant (Pate Crossings), interchange PUD.
- 2023:** Woodstock Village – a 236-acre master planned PUD
- 2023:** Elpis Holdings – 23 acres next to Pate Crossings/across Hwy 216 from Woodstock Village PUD, use T.B.D
- 2025:** Arrow Wood – remaining 54 acres of Arrow Wood community, 59 lots, immediate opposite side of Exit 100
- 2025:** Moore Oil – 9.45-acre 109 SE quadrant of Exit 100 (immediate opposite side of Exit 100)
- 2026:** Russell Ranch – 163 acres, 316 lot single family residential development
- 2026:** Woodstock Village – 109 acres, 10 U/C sale to new church, balance 137 lots (estate, 60’ and 50’)

Retail Additions:	2019	Burger King
	2021	Alabama One Credit Union
	2021	Speedway
	2025	Taco Bell
	2025	Dunkin' Donuts/Jimmy John's

Previously, only TCA/Petro) (2007) and Love's Travel Center (2010) and a smattering of rural local offerings existed.

EMBEDDED RESIDENTIAL GROWTH: 1,355 Residences entitled and U/C (June 2026)

WSV PUD	Developer	# lots
0	Parrish Building Company	33 new townhomes completed and for sale https://woodstockvillageal.com/the-cove
0	Valor Homes	92 lots under construction https://www.valorcommunities.com/new-homes-in-birmingham/woodstock-village/

2.8	Kimbrell Station (Valor)	50 lots completed, homes U/C or now for sale
0	Parrish Building Company	97 lots The Cove Phase III SFH, site engineering underway
0	Parrish Building Company	137 lots, West Sector (plus church), site engineering underway
0	TBD	220+220 units (est), entitled multifamily site

UTILITIES & SERVICES

- Sanitary Sewer:** Town of Woodstock (public sewer)
- Water:** Warrior River Water Authority. Water from this system will serve sites within the **Woodstock Village** PUD.
- Gas:** Natural Gas is provided by Spire.
- Power:** Alabama Power
- Police, Fire & Rescue:** All immediately nearby: [Lakeview Fire Protection District](#) provides emergency [fire and rescue](#) response inside of 4 minutes. The [Tuscaloosa County Sheriff's substation](#) is located on Hwy 216 approx. 600 yds. from PUD.

TAXES

Ad valorem taxes are significantly lower than Jefferson County (1/4 mile east): \$27.0 mills Tuscaloosa County vs \$50.1 mills Jefferson County

ROADS & TRAFFIC

Captive Elementary School Traffic: Lakeview Elementary School (700+ students) anchors at the terminus of Youngblood Pkwy which runs down the center of **Woodstock Village** PUD - Access to/from Lakeview Elementary is only available at Woodstock Village's entry at the Hwy 216 and Youngblood Pkwy intersection (traffic signal approved).

Exit 100 is the “216 Game Day Route”: During University of Alabama football season ALDOT provides Exit 100 and Hwy 216 at Woodstock Village as an alternative time saving route from I-20/59 game day traffic jams. On a typical day, travel time from Birmingham to UA is about an hour. Travel time to Tuscaloosa can stretch to as much as 4 hours on game days. This brings extraordinary game-day traffic to Exit 100 retail uses and **Woodstock Village’s** shopping center sector.

EXIT 100 will be reconstructed into a diverging diamond interchange to relieve existing traffic and provide for future growth. This will be the third DDI in the greater Birmingham-Hoover area (first two now under construction) and will **include installation of a new traffic signal at the Youngblood Pkwy/Hwy 216 intersection.**

EMPLOYMENT DRIVEN DEMAND

Two major employment concentrations and employment-driven demand: New jobs just arriving inside the 12-mile commute pay well (e.g., Smucker's wage is \$25/hr, Mercedes is \$28/hr.) Actual earnings are significantly higher (typically +/-20% higher) with OT earnings. Mining jobs (Warrior Met Coal mines 10 minutes further on Hwy 216) are even higher:

1. West Jefferson County/Jeff Met Industrial Park - all inside of a 5-to-9-minute drive time: **4,619,204 sf of facilities, 3,776++ jobs**
2. Vance – Mercedes-Benz USA Mfg Campus and surrounding facilities: **12,072 employment, 10-14 minutes/11.6 miles**
3. Woodstock-Vance Hwy 11 corridor: **1,260 employment, 9 minutes/7.2 miles**
4. Warrior Met Coal (Brookwood mines) **1,300 employment, 16 min./13.7 miles**. *Mining jobs are among the highest paying blue-collar jobs in the area. Many employed at Warrior Met live east of WSV and commute past it to/from work.*
5. **UAB West new Hospital, 750 employment, 13 minutes/9 miles**, opened Fall 2024, employs 750. *nurses & healthcare workers*

New Data Centers (April 2026) Three data center sites have been acquired or secured in West Jefferson County/East Tuscaloosa County. All are entitled; development recently started two of them. **Projected construction employment is between 3,400 and 9,300** beginning within a few months and lasting for up to seven years. These are expected to have a huge impact on local housing demand and retail spending.
