

This 24,000-square-foot space features a functional layout measuring approximately 66 feet in width by 365 feet in length, with a clear height of 13 feet 6 inches. The property includes one dock-high door and one grade-level overhead door, along with three small office areas that provide useful administrative or operational support space. Inside, the building offers efficient 14-by-14-foot column spacing and is equipped with 3-phase, 440-volt power, making it well suited for a variety of industrial, warehouse, or light manufacturing uses.
