1 Acre Unrestricted Land Industrial Development Opportunity

12610 Greens Bayou St | Houston, Texas

Prime Location

The Greens Bayou Property presents a rare opportunity to acquire a ±1.00-acre unrestricted site in East Houston, positioned within one of the region's most active industrial and service-oriented corridors. The property includes an existing 1,615 SF residential structure suitable for office, residential, or interim operational use, providing immediate functionality while preserving long-term redevelopment potential.

Small-acreage tracts within Houston city limits remain increasingly scarce, particularly those allowing flexible operational uses. The site's size, accessibility, and adaptability create multiple investment paths including owner-user occupancy, contractor yard utilization, outside storage operations, or future industrial redevelopment.
